Working Hard:

The Art Of Working Hard Zacharias Taneé Fomum, 2015-05-17 The Art of Working Hard is a great piece of advice from God to ensure your success at all levels This book is a truly revolutionary manual and an incentive to let go of laziness and work with all our might in order to accomplish the purpose for which God created us The Author Z T Fomum makes us understand that it is almost impossible to work hard without a goal in sight and that this goal must be big enough to require God's intervention In addition one must jealously keep this goal in view so as not to lose it while planning one's work to ensure its success However in order for a goal to be accomplished one must be determined to work under pressure while pushing forward or pressing on Make this book your companion

Are You Working Hard or Hardly Working?: A story about staying on task until the work is done Bryan Smith, 2022-11-23 Isaac LOVES to have fun The only thing he loves more than having fun is getting a good laugh from his friends That's all well and good until some of Isaac's fun starts to get in the way of what he's supposed to be doing At school at home and at tennis practice he's so busy having fun he's distracting himself and others from the work that needs to get done Instead of working hard Isaac is hardly working With help from his teacher and mom Isaac learns four steps to staying on task until the job is finished If Isaac can follow these steps he can avoid additional work Author Bryan Smith pens another hilarious and relatable tale for K 5 students in the Stepping Up Social Skills book series

Debunking the Top 9 Self-Help Myths Aaron A. Andrews, 2015-03-29 Debunking the Top 9 Self Help Myths Are you tired of traditional self help literature that always gives the same advice Would you like to learn why the total opposite of self help truths can actually work much better for you If so Debunking the Top 9 Self Help Myths is for you The book presents 9 self help myths and shows how the opposite advice can work better A large part of the book is based on scientific research that proves beyond doubt that some self help myths are indeed just dangerous myths Let's Put an End to Dangerous Self Help Myths Some self help myths are not only wrong they are outright harmful for you One of such myths is the myth of waking up early in order to achieve success and the myth that visualizing the goal will help you achieve it In fact scientists have proved that visualizing the goal will lead you further away from it And as for waking up early at least 20% of us will only feel miserable when following this advice Here are other things you'll learn from the book two types of procrastination and why one of them is great for you why procrastination can help you evaluate your life choices why procrastination can help you find a reason why why hard work is stupid the story of how ignorant farmers popularized the myth of working hard three reasons why cutting down your hours will do you good how to achieve more with less hint it's not about working hard why sometimes it's better to give up than keep going persistence doesn't always pay why a step by step approach isn't always the right choice and what to do instead the myth of getting rich slowly why there's no single recipe for success and why you shouldn't look for one the halo effect and its effect on our judgment of successful people what the Japanese streets can teach you about doing the opposite thing and still being right two types of perfectionism and why one of

them can change your life why you don't need more discipline and what you need instead of discipline how long it really takes to develop a habit Would You Like to Achieve Success by Following the Unconventional Path By following the unconventional advice from the book you can achieve much better results than by following the traditional way of doing things Some of the most common self help tips can actually harm you instead of helping you Debunking the Top 9 Self Help Myths will help you avoid doing things that have been proven by the scientists to harm you instead of helping you You too can benefit from the self help literature but first you have to learn how to read them critically and this book will help you achieve this goal PS All readers will get access to a bonus chapter of the book that explains why productivity systems are useless
