## World Like This:

You Edward William Bok, 1928      **The World's Way**, 1864      **The Seer**, 1853      The World a Spiritual System James Henry Snowden, 1910      The Lost Tales of Power Vincent Trigli, 2014-05-17

The Lost Tales of Power is a collection of novels that describe an immense persistent multiverse. The books are a mixture of standalone and miniseries all set in the same universe with overlapping and intertwining story lines. Included in this collection is the full text of *Enemy of an Enemy*, *The Academy*, and *Rise of Shadows*. In addition to the three complete novels included is a brief introduction to each book.

*Enemy of an Enemy*: Everything seemed to be going Vydor's way until the Dragon Claw was sent on a rather unusual assignment to investigate a minor incident deep within the Empire's space. That would send Vydor down a path filled with fantastically powerful enemies and extraordinary friends that would obliterate everything he ever understood to be true and threaten the very foundations of the Empire itself. The Academy: The Empire had fallen and the Imperial Navy was disbanded, leaving James with nothing but his nightmares to remind him of the role he once played in The Great War. James must now face his new life in a new era where science and technology must share the stage with sorcery and wizardry, and a new ever-present shadow of evil lurks over the remnants of the once great Empire. *Rise of Shadows*: In *The Enemy of an Enemy*, darkness came to the Empire and magic was born from the bowels of men's fears. The great and mighty Imperial Navy had to face and overcome unspeakable horrors. In *The Academy*, fledgling wizards were gathered and trained to fight back and keep the light while the darkness laid in wait, biding its time and silently gathering its forces. Now as warriors of light, those wizards must begin to make a stand against the rising tide of darkness or watch their realm be overcome.

The Lost Tales of Power is an open-ended series of Science Fantasy books set in a vast multiverse. Lost Tales Series: Volume I *The Enemy of an Enemy*, Volume II *The Academy*, Volume III *Rise of Shadows*, Volume IV *Resurgence of Ancient Darkness*, Volume V *The Sac a rith*, Volume VI *Spectra's Gambit*, Volume VII *Sac a rith Rebirth*, Volume VIII *Mage Hunter*. Keywords: magic, space, space opera, science fantasy, space exploration, military, space, future, military sci-fi, science fiction, series, aliens, adventure, war, navy, series, science fiction novels, science fiction ebooks.

*The Fragmentation of Being* Kris McDaniel, 2017-07-28

*The Fragmentation of Being* offers answers to some of the most fundamental questions in ontology: There are many kinds of beings, but are there also many kinds of being? The world contains a variety of objects, each of which let us provisionally assume exists, but do some objects exist in different ways? Do some objects enjoy more being or existence than other objects? Are there different ways in which one object might enjoy more being than another? Most contemporary metaphysicians would answer no to each of these questions. So widespread is this consensus that the questions this book addressed are rarely even raised, let alone explicitly answered. But Kris McDaniel carefully examines a wide range of reasons for answering each of these questions with a yes. In doing so, he connects these questions with many important metaphysical topics including substance and accident, time and persistence, the nature of ontological categories, possibility and necessity, presence and absence, persons, and value ground.

and consequence and essence and accident In addition to discussing contemporary problems and theories McDaniel also discusses the ontological views of many important figures in the history of philosophy including Aquinas Aristotle Descartes Heidegger Husserl Kant Leibniz Meinong and many more

**Handing Down the Faith** Christian Smith,Amy Adamczyk,2020-07-02 A new examination of how and why American religious parents seek to pass on religion to their children The most important influence shaping the religious and spiritual lives of children youth and teenagers is their parents A myriad of studies show that the parents of American youth play the leading role in shaping the character of their religious and spiritual lives even well after they leave home and often for the rest of their lives We know a lot about the importance of parents in faith transmission However we know much less about the actual beliefs feelings and activities of the parents themselves what Christian Smith and Amy Adamczyk call the intergenerational transmission of religious faith and practice To address that gap this book reports the findings of a new national study of religious parents in the United States The findings and conclusions in *Handing Down the Faith* are based on 215 in depth personal interviews with religious parents from many traditions and different parts of the country and sophisticated analyses of two nationally representative surveys of American parents about their religious parenting *Handing Down the Faith* explores the background beliefs informing how and why religious parents seek to pass on religion to their children examines how parenting styles interact with parent religiousness to shape effective religious transmission shows how parents have been influenced by their experiences as children influenced by their own parents reveals how religious parents view their congregations and what they most seek out in a local church synagogue temple or mosque explores the experiences and outlooks of immigrant parents including Latino Catholics East Asian Buddhists South Asian Muslims and Indian Hindus Smith and Adamczyk step back to consider how American religion has transformed over the last 100 years and to explain why parents today shoulder such a huge responsibility in transmitting religious faith and practice to their children The book is rich in empirical evidence and unique in many of the topics it explores and explains providing a variety of sometimes counterintuitive findings that will interest scholars of religion social scientists interested in the family parenting and socialization clergy and religious educators and leaders and religious parents themselves
