Initial Scope Bhikshuni Thubten Chodron,2015-01-01 In the early eleventh century the Indian Buddhist master Atisha condensed essential points from the sutras and ordered them into the text *Lamp of the Path* These were then expanded upon in the fourteenth century by the Tibetan Buddhist master Lama Tsongkhapa into the text *The Great Exposition on the Gradual Path to Enlightenment Lamrim* Chenmo Venerable Thubten Chodron taught on this text over several years at Dharma Friendship Foundation and related these practical teachings to our daily lives These ebooks are lightly edited transcripts of those teachings They have been organized and formatted by Lai Wee Chiang This second volume contains teachings on Remembering Death The Actual Way to Become Mindful of Death The Lower Realms Taking Refuge The Objects of Refuge How to Take Refuge The Benefits of Having Taken Refuge Guidelines for the Practice of Refuge Karma 10 Destructive Actions and Their Results Constructive Actions and Their Results The Intensity of Karma Other Ways of Differentiating Actions Specific Aspects of Actions and Their Results General Advice on Engaging in Positive Actions and Avoiding Destructive Ones *Foucault's Askesis* Edward F. McGushin,2007-04-03 In his renowned courses at the Coll ge de France from 1982 to 1984 Michel Foucault devoted his lectures to meticulous readings and interpretations of the works of Plato Epictetus Seneca and Marcus Aurelius among others In this his aim was not Edward F McGushin contends to develop a new knowledge of the history of philosophy rather it was to let himself be transformed by the very activity of thinking Thus this work shows us Foucault in the last phase of his life in the act of becoming a philosopher Here we see how his encounter with ancient philosophy allowed him to experience the practice of philosophy as to paraphrase Nietzsche a way of becoming who one is the work of self formation that the Greeks called ask sis Through a detailed study of Foucault s last courses McGushin demonstrates that this new way of practicing philosophical ask sis evokes Foucault s ethical resistance to modern relations of power and knowledge In order to understand Foucault s later project then it is necessary to see it within the context of his earlier work If his earlier projects represented an attempt to bring to light the relations of power and knowledge that narrowed and limited freedom then this last project represents his effort to take back that freedom by redefining it in terms of care of the self Foucault always stressed that modern power functions by producing individual subjects This book shows how his excavation of ancient philosophical practices gave him the tools to counter this function with a practice of self formation an ask sis *A Treatise Explanatory of a New System of Naval, Military and Political Telegraphic Communication of General Application* John Macdonald,1817 *Labour Law in Latvia* Ineta Tāre,2020-08-19 Derived from the renowned multi volume International Encyclopaedia of Laws this monograph on Latvia not only describes and analyses the legal aspects of labour relations but also examines labour relations practices and developing trends It provides a survey of the subject that is both usefully brief and sufficiently detailed to answer most questions likely to arise in any pertinent legal setting Both individual and collective labour relations are covered in ample detail with attention to such underlying and pervasive factors

as employment contracts suspension of the contracts dismissal laws and covenant of non competition as well as international private law The author describes all important details of the law governing hours and wages benefits intellectual property implications trade union activity employers associations workers participation collective bargaining industrial disputes and much more Building on a clear overview of labour law and labour relations the book offers practical guidance on which sound preliminary decisions may be based It will find a ready readership among lawyers representing parties with interests in Latvia and academics and researchers will appreciate its value in the study of comparative trends in laws affecting labour and labour relations
