True Bear Stories Joaquin Miller, 2017-05-17

My Bright Young Reader I was once exactly your own age. Like all boys I was from the first fond of bear stories and above all I did not like stories that seemed the least bit untrue. I always preferred a natural and reasonable story and one that would instruct as well as interest. This I think best for us all and I have acted on this line in compiling these comparatively few bear stories from a long life of action in our mountains and up and down the continent. As a rule the modern bear is not a bloody bad fellow whatever he may have been in Bible days. You read almost any circus season about the killing of his keeper by a lion a tiger a panther or even the dreary old elephant but you never hear of a tame bear's hurting anybody. I suppose you have been told and believe that bears will eat boys good or bad if they meet them in the woods. This is not true. On the contrary there are several well authenticated cases in Germany mostly where bears have taken lost children under their protection one boy having been reared from the age of four to sixteen by a she bear without ever seeing the face of man.
