The Spectral Mist Clarissa Ross, 2005      *The Spectral Mist* William Edward Daniel Ross, 1972 Enid Blair comes as a new bride to a fog shrouded old house on the California coast where famed poet Ford Hunt has shut himself away in an attic apartment As his nephew Geoffrey's wife Enid feels she should be happy but the family's secret will threaten not only her sanity but her life      Camlot city of the dammed Keith Jarvis jr, 2025-08-08 Uther the dragon has returned from hell and with such hatred from Arthur's legacy he now corrupts Burns and destroys all the goodness his son had made in this world Uther with help of monsters and demons purges the city and massacres anyone in his way Merlin on the brink of death makes a pact with Morgana and with Nimue's help but witches manage to resurrect Mordred Arthur's bastard evil son Merlin explains to Nimue some times it takes a life to destroy evil And he later explains Mordred never had a chance he was groomed for Arthur's downfall The boy never knew love never knew honor Perhaps Mordred will surprise you Mordred heart cold and a magical killer hated his father but the thought of his grandfather killing children allowing demons and monsters to destroy his father's work hate boiled over in him and he rejects him Mordred rejects the notion he's a hero anyway Instead he will do what he was made to do Destroy the dragon lineage and bring pagan magic back in the lands But first he needs a kingdom      *The Ashes of Tomorrow* Nathan Ellison, 2024-12-13 The rasping breath of the Crimson Fever silenced the world Seattle once vibrant now lies draped in ash and perpetual drizzle a monument to decay From a fortified basement Silas Greer clings to the remnants of his past life his radio a lifeline cast into the echoing silence His nightly broadcasts a balm for his own isolation become a beacon for scattered survivors their fractured voices weaving a grim tapestry of resilience and loss But the silence isn't empty Chilling transmissions emerge from the quarantined Red Zones whispers of the dead defying the natural laws of life and death Drawn into a conspiracy far deeper than the pandemic Silas transforms from solitary broadcaster to reluctant investigator his broadcasts now a desperate search for answers in a city haunted by more than just memories Among the spectral voices one repeats Echo Seven The unsettlingly familiar tone triggers a disquieting sense of recognition a spectral echo from a past Silas desperately tries to bury Aided by Dr Iris Ackerley a widowed physician whose pragmatism grounds his growing obsession Silas unravels a sinister truth about the pandemic's origins Their investigation weaves a complex tapestry of human connection against a backdrop of unimaginable loss drawing them into a nightmarish world of clandestine government projects and the horrifying consequences of tampering with human consciousness As Silas delves deeper the line between reality and the spectral transmissions blurs His fortified studio becomes a locus of paranormal activity his mind besieged by visions and whispers that threaten his sanity The whispers lead to a decaying research facility in the heart of the Red Zone where Silas and his companions confront the terrifying truth behind Echo Seven and the Crimson Fever itself Their journey becomes a desperate struggle for survival against an unseen enemy a fight not just for their lives but for the future of humanity What began as a search for connection transforms into a harrowing fight for

survival a confrontation that forces Silas to make a terrifying choice silence the whispers and condemn humanity to a slow decline or harness their power risking the unleashing of an unimaginable horror In the ashes of tomorrow Silas discovers that sometimes the only way to heal is to embrace the ghosts of the past
