## **The Spitting Image:**

*The Spitting Image* Jerry Lembcke, 2000-05 One of the most resilient images of the Vietnam era is that of the anti war protester often a woman spitting on the uniformed veteran just off the plane The lingering potency of this icon was evident during the Gulf War when war supporters invoked it to discredit their opposition In this startling book Jerry Lembcke demonstrates that not a single incident of this sort has been convincingly documented Rather the anti war Left saw in veterans a natural ally and the relationship between anti war forces and most veterans was defined by mutual support While veterans were sometimes made to feel uncomfortable about their service this sense of unease was Lembcke argues more often rooted in the political practices of the Right

**The Spitting Image Book** John Lloyd, 1985-01 [The Spitting Image](#) Paul Brauner, 2006 The Spitting Image is the inside story of Germany's descent into defeat and Hitler's attempts to keep his faltering entourage from fleeing the sinking ship The mysterious appearance of a Hitler Child is welcomed by Nazi leaders as the means to perpetuate Nazi ideals The boy is groomed to become the symbolic figurehead of the Fourth Reich and is spirited into Argentina to escape falling into the hands of the victorious allies The involvement of the Vatican and the vivid descriptions of life in the bombed cities make this gripping novel a must read for anyone interested in recent history The reader is taken on a roller coaster ride and is left wondering how much is fact and how much is fiction

*Garner's Modern English Usage* Bryan Garner, 2016-03-11 With more than a thousand new entries and more than 2 300 word frequency ratios the magisterial fourth edition of this book now renamed Garner's Modern English Usage GMEU reflects usage lexicography at its finest Garner explains the nuances of grammar and vocabulary with thoroughness finesse and wit He discourages whatever is slovenly pretentious or pedantic GMEU is the liveliest and most compulsively readable reference work for writers of our time It delights while providing instruction on skillful persuasive and vivid writing Garner liberates English from two extremes both from the hidebound purists who mistakenly believe that split

infinitives and sentence ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted. The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available. In this fourth edition, Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources. No other resource provides as comprehensive, reliable, and empirical a guide to current English usage. For all concerned with writing and editing, GMEU will prove invaluable as a desk reference. Garner illustrates with actual examples cited with chapter and verse all the linguistic blunders that modern writers and speakers are prone to, whether in word choice, syntax, phrasing, punctuation, or pronunciation. No matter how knowledgeable you may already be, you're sure to learn from every single page of this book.

The Spitting Image Hannah Miller, 2009

Intertextuality and the Media Ulrike Hanna Meinhof, Jonathan Smith, 2000. The book sets out to clarify a difficult concept by suggesting methodologies for textual analysis and exemplary discussions of a wide range of texts. All the essays in this collection focus on one of the most influential yet confusing concepts in modern critical thinking: intertextuality, presenting a wide-ranging but cohesive theoretical framework within which media communication can be described and analyzed.

Garner's Modern English Usage Bryan A. Garner, 2022. Garner's *Modern English Usage* is one of the most influential style guides ever written for the English language. With more than a thousand new entries, 200 replacement entries, and thoroughly updated usage data, this fifth edition is fully abreast of the times and further establishes the author as the authority on effective writing.

*Garner's Modern American Usage* Bryan Garner, 2009-07-28. Since first appearing in 1998, Garner's *Modern American Usage* has established itself as the preeminent guide to the effective use of the English language. Brimming with witty, erudite essays on troublesome words and phrases, *GMAU* authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers, whether the issues relate to grammar, punctuation, word choice, or pronunciation. An exciting new feature of this third edition is Garner's Language Change Index, which registers where each disputed usage in modern English falls on a five-stage continuum from nonacceptability to the language community as a whole to acceptability, giving the book a consistent standard throughout. *GMAU* is the first usage guide ever to incorporate such a language change index. The judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies. Another first in this edition is the panel of critical readers: 120 plus commentators who have helped Garner reassess and update the text so that every page has been improved. Bryan A. Garner is a writer, grammarian, lexicographer, teacher, and lawyer. He has written professionally about English usage for more than 28 years, and his work has achieved widespread renown. David Foster Wallace proclaimed that Bryan Garner is a genius, and William Safire called the book excellent. In fact, due to the strength of his work on *GMAU*, Garner was the grammarian asked to write the grammar and usage chapter for the venerable *Chicago Manual of Style*. His advice on language matters is second to none.
