The English Orphans; Or, A Home in the New World Mary Jane Holmes, 2019-12-04

In *The English Orphans; Or, A Home in the New World*, Mary Jane Holmes crafts a poignant narrative that captures the trials and tribulations of orphaned children navigating life in post-19th century America. The novel is marked by a rich descriptive literary style, blending sentimentalism with realism, effectively portraying the stark contrasts between poverty and burgeoning hope. Holmes skillfully situates her characters within a broader socio-economic context, illustrating the immigrant experience and the quest for belonging through vivid landscapes and heartfelt dialogues. This work reflects themes of resilience, familial bonds, and the search for a stable home, resonating with contemporary readers who grapple with similar struggles for identity and community.

Holmes, a prolific author of the Victorian era, was known for her deep empathy towards the marginalized, particularly children. Her own experiences as a teacher and the societal challenges faced by orphans during her time undoubtedly influenced her to write this novel. Holmes's background in the emerging women's literary movement also foregrounds the themes of empowerment and self-discovery that permeate her characters' journeys. *The English Orphans* is highly recommended for readers interested in historical fiction that deftly deals with themes of hardship and hope. Holmes's ability to intertwine social issues with the personal plight of her characters invites a reflective reading experience, making it an essential addition to any literary collection that values the exploration of human resilience.

Mary J. Holmes, 2018-06-03

Mary Jane Holmes (April 5, 1825 – October 6, 1907) was a bestselling and prolific American author who published 39 popular novels as well as short stories. Her first novel sold 250,000 copies, and she had total sales of 2 million books in her lifetime, second only to Harriet Beecher Stowe. Portraying domestic life in small town and rural settings, she examined gender relationships as well as those of class and race. She also dealt with slavery and the American Civil War with a strong sense of moral justice. Since the late 20th century, she has received fresh recognition and reappraisal, although her popular work was excluded from most 19th-century literary histories.

Early life and education

Mary Jane Hawes was born in Brookfield, Massachusetts, in 1825, the fifth of Fanny Olds and Preston Hawes' nine children. The household was economically modest, but the parents encouraged intellectual endeavor. She may also have been influenced by her uncle, Rev. Joel Hawes (1789–1867), for many years minister at the First Congregational Church in Hartford, Connecticut, and known for his

published sermons and other writings Preston Hawes died when Mary Jane was 12 and she started teaching school at 13 Interested in writing from an early age she published her first story at 15 Career Holmes used her experiences in Kentucky for the material of several novels In 1854 at the age of 29 she published her first novel *Tempest and Sunshine* Its central girl characters Julia and Fanny were reportedly modeled on the local family of John Singleton and his daughters Bettie and Susan The portrayal of girls with contrasting characters was resolved with a sense of moral justice as they both traveled personal journeys of growth While sales of the novel were slow at first they steadily continued and ultimately totaled about 250 000 copies Reprinted in 1886 this novel was her most popular She was first published by Appleton and later for 20 years by G W Carleton which was succeeded by G W Dillingham all of New York City As *The Nation* noted in its obituary at her death It is an eternal paradox of our world of letters that the books which enjoy the largest sale are barely recognized as existing by the guardians of literary tradition Mrs Mary Jane Holmes who died Sunday at Brockport N Y wrote thirty nine novels with aggregate sales it is said of more than two million copies and yet she had not even a paragraph devoted to her life and works in the histories of American Literature *The Week* The theme of most of her novels was domestic life reflecting society in the antebellum years as well as during and after the American Civil War Her books were very popular and she was published by major firms in New York Her sales were second nationally only to those of Harriet Beecher Stowe in total Holmes sold more than two million books As the literary scholar Judith Fetterley notes the literature of mid nineteenth century women is essentially about women Thus the first truth the women have to tell is that not all Americans are male and the assumption that an American text must be a man s story told by men is partisan to say the least Were this truth to be told of course it would require a redefinition of what constitutes an American theme it would require the possibility that a story by a woman about women could be an American text at issue equally is the matter of perspective For a man s story told by a man is not necessarily the same as a man s story told by a woman Critics of the time and early 20th century classified Holmes and other women authors work as sentimental and downplayed it because of appeal to the common reader Recent critics have appreciated how Holmes grappled seriously with issues of gender race and class as well as slavery and the Civil War She created attractive characters who also had flaws with whom readers could identify
