dimension of objects in horror cinema Inspired by object oriented ontology and the nonhuman turn in philosophy Olivier places objects in film on par with humans arguing for example that a sleeper sofa is as much the star of *Sisters* as Margot Kidder that *The Exorcist* is about a possessed bed and that *Rosemary's Baby* is a conflict between herbal shakes and prenatal vitamins Household Horror reinvigorates horror film criticism by investigating the unfathomable being of objects as seemingly benign as remotes radiators refrigerators and dining tables Olivier questions what Hitchcock's *Psycho* tells us about shower curtains What can we learn from Freddie Krueger's greatest accomplice the mattress Room by room Olivier considers the dark side of fourteen household objects to demonstrate how the objects in these films manifest their own power and connect with specific cultural fears and concerns Provides a lively and highly original contribution to horror studies As a work on cinema it introduces the reader to films that may be less well known to casual fans and scholars more conspicuously it returns to horror staples gleefully reanimating works that one might otherwise assume had been critically done to death *Psycho* *The Exorcist* *The Shining* Allan Cameron University of Auckland *Reflections on the Miracles of the QURAN* Zagloul Kadah, 2015-12-03 This book is dedicated to the subject of the miracles contained in the Quran also referred to as signs or portents Each prophet of the three Abrahamic faiths was empowered with signs to facilitate his mission and these are well documented in scriptures With the passage of time many faded away from memory and many people came to doubt their existence but not so with the Quran It remains as pure and eternal as God decreed it to be when it was revealed upon the Prophet Muhammad The author's intention in this book was to select stories from the Quran some randomly that cover a wide range of disciplines such as cosmology physics history embryology and others and present them within the framework of the prevailing knowledge at the time Discerning readers will hopefully find such presentations not only interesting and easy to follow but also leave no doubt in their minds that the Quran is the Word of God and that it could not have been created by humans The author's ultimate objective is to link the Islamic faith to the other Abrahamic religions in an effort to convey the message that it is God's intent that we establish peace and justice universally and attain compassion among humankind en toto **JoAnnas Kitchen Miracles** JoAnna M.
