The Rules In Practice 1989-1992:

The Rules in Practice, 1989-1992 Rules Bryan Willis, 1989-04-01 Repertoire of the Practice of the Security Council United Nations. Department of Political Affairs, 2008 The Repertoire is an explanatory work which presents the results of an empirical survey of the procedures of the Security Council of the United Nations in a way calculated to make reference easy and is essentially a guide to the proceedings of the Council This volume covers the proceedings of the Council from 2835th meeting on 5 January 1989 to the 3154th meeting on 20 December 1992 **Soviet Jewish Aliyah, 1989-1992** Clive Jones, 1996 Soviet Jewish Aliyah 1989-92 provides new insights into a period of fundamental change in Israel and the Middle East It explains how the Israeli government failed to effectively handle the integration of new emigres from the Soviet Union and how it alienated traditional Likud supporters among Oriental Jews in Israel Clive Jones's argument is that by placing its ideological commitment to the retention of the West Bank above other priorities the Likud leadership made itself beholden to the United States for financial assistance which was then denied The resulting fundamental change in the composition and orientation of the Israeli political leadership has had a major influence on the course of the Arab Israeli peace process *The Roots of Acehnese Rebellion, 1989-1992* Tim Kell, 2010 When armed insurgents began to attack government soldiers in the Indonesian province of Aceh with increasing frequency in the middle of 1989 it was apparent that this distinctive part of the far flung republic was adding yet another period of turmoil rebellion and blood letting to those that had marked its history over the previous hundred years Famous for their long war against the Dutch in the last quarter of the nineteenth century the Acehnese were equally well known for their willingness to resort to arms to defend their identity and interests against the encroachments of postindependence Indonesian governments As early as 1953 a rebellion had broken out against the central government and in the latter part of the 1970s another attempt had been made to foment revolt This study seeks to explain the reasons for the most recent uprising in Aceh Part One sketches the region's history up to the mid 1960s Part Two examines the economic political and social changes that have occurred in Aceh over the past quarter of a century under the New Order regime the roots of rebellion in the province This analysis goes beyond the period defined in the title of the study the end of rebellion does not mean that its root causes have been resolved Part Three looks at the rebellion itself and at the complexion of political power in Aceh in the early 1990s Part Four summarizes the principal arguments of the monograph The main thesis of this study is that exploitation of Aceh's resources for the benefit of the central government economic stagnation in the province itself governmental and political overcentralization which has served to disenfranchise the people of the region and social changes which have led to the mass of Acehnese losing their traditional social and political leaders have combined to open the way for an armed separatist movement to foment rebellion in the province *Repertoire of the Practice of the Security Council* United Nations.
