Writings from ancient to contemporary mystics across the world provide us with practical and spiritual wisdom that will make our lives happier and more loving In the first stage on the mystic way children experience awe and wonder but they do not realize that this is a spiritual experience While all indigenous people recognize awe as a mystical experience only some adults and most artists do When parents and religious leaders teach children about God they cause their spiritual growth to flourish or to become stunted at an elementary school level Awakening is an experience of the Divine that helps us realize that the Sacred Spirit is within us and loves us Awakening produces love for our neighbors and ourselves Then love nurtures more awakenings Illumination and union are deeper mystical experiences that the Holy One is not only within all of us and all of creation but also that we are within the ONE Illumination creates more love for all people and all the universe The Spiritual Path Suzi Obelisk,2019-02 The Spiritual Path Spiritual Trilogy Part 3 By Suzi Obelisk Awaken The Flow Books Volume 11 Hi I m Suzi Obelisk smile This book is the 3rd and final book of my Spiritual Trilogy This easy to read book can help you with The Spiritual Path spiritual Awakening and how to increase your spiritual Light in everyday life The Spiritual Path is the path of love light truth peace and balance It s the path home to your true Self The Spiritual Path will help you to evolve through your daily life as the spiritual being you already are within smile The beauty of the spiritual journey is that it helps you to deal with and manage the daily life stuff and also the bigger problems much more easily than before So it s a true blessing to have that different perspective on life In fact I truly believe with all my heart that the ONLY reason that I m still alive and happy after everything that I went through previously during my life is that the spiritual practices that I did over the years somehow increased and boosted my energy so that I could survive some surprising and nasty life problems in my past So I m very grateful I still have to this day doctors and other specialists saying how surprising it is that I m in the shape I am considering what I ve been through but I KNOW that the holistic healing is the reason why that s so smile As for me I m not anybody special I began my life as a normal everyday person with normal everyday problems and then one day I decided that there HAD to be a way to an easier and happier life So in my usual practical way that s when I began to investigate mind body spirit holistic healing and some spiritual practices including my first attempts at meditation Now in hindsight and thankfully that actually saved my life and kept me around much longer so yep I feel pretty happy about that Then last year I died and I lost consciousness and I had one of those white Light near death experiences that you read about It happened so fast that it was really surprising and there was no time for me to do or say anything One minute I was there and the next minute I was gone That was it But I m so happy and grateful to have returned and now I really KNOW just how precious life is that s for sure I ve also realized that there s really no mystery about The Spiritual Path Instead it s all about your choice and your intention to create a better life for yourself and then you just do what you can as you can in as best BALANCE as you can at the time Above all when it comes to The Spiritual Path you really need to be kind to yourself Be happy and live in YOUR truth Live your life with compassion enjoy what you do take care of your body because it s the only

one you've got and be spiritual too as a part of your normal everyday life. Make the most of every day of the rest of your precious and beautiful life.
