Four Views on Heaven Zondervan, 2022-01-18 Discover and understand the different Christian views of what heaven will be like Christians from a variety of denominations and traditions are in middle of an important conversation about the final destiny of the saved Scholars such as N T Wright and J Richard Middleton have pushed back against the traditional view of heaven and now some Christians are pushing back against them for fear that talk about the earthiness of our final hope distracts our attention from Jesus In the familiar Counterpoints format Four Views on

Heaven brings together a well rounded discussion and highlights similarities and differences of the current views on heaven Each author presents their strongest biblical case for their position followed by responses and a rejoinder that model a respectful tone Positions and contributors include Traditional Heaven our destiny is to leave earth and live forever in heaven where we will rest worship and serve God John S Feinberg Restored Earth emphasizes that the saved will live forever with Jesus on this restored planet enjoying ordinary human activities in our redeemed state J Richard Middleton Heavenly Earth a balanced view that seeks to highlight both the strengths and weaknesses of the heavenly and earthly views Michael Allen Roman Catholic Beatific Vision stresses the intellectual component of salvation though it encompasses the whole of human experience of joy happiness coming from seeing God finally face to face Peter Kreeft The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion Evolution; its nature, its evidences, and its relation to religious Joseph Le Conte,1891

A Science of the Ultimate Jay G. Rodger,1908 **Bruce and Stan's Guide to How It All Began** Bruce Bickel,Stan Jantz,2001 How we answer that important question determines a lot about our values and beliefs about life Bruce and Stan will help you think clearly and critically about the facts and opinions of science and how they affect our understanding of the Bible **Perspectives on Science and Christian Faith** ,2007 The Dial Francis Fisher Browne,1892 **Evolution** ,1927 **A Religious Journal of the School of Theology** ,2004 The New Philosophy ,1910 **Is Moses Scientific?** Peter E. Kipp,1893 A Molinist-Anabaptist Systematic Theology Kirk R. MacGregor,2007-08-31 As the first systematic theology of its kind the ecumenical construction synthesizes the strengths of what are typically considered two disparate branches of Christianity namely Roman Catholicism and Anabaptism Focusing on the celebrated Jesuit neo Scholastic theologian Luis de Molina 1535 1600 and the evangelical peace communities from the early modern period onward this system integrates the best in Catholic philosophical theology with the best historical implementations of the Free Church ecclesiological tradition In doing so this progressive doctrinal edifice furnishes provocative new answers to perennial quandaries Included in this discussion are the polarity between sovereign predestination and libertarian freedom the interaction between omniscience and God s changing his mind and the existence of gratuitous evil This system breaks ground in the realm of practical theology by proposing an antithetical relationship between church discipline and the sacraments While avoiding the either or debate between egalitarianism and complementarianism this theology demonstrates exegetically that women should not be restricted from holding any leadership position within the church Drawing together these dialectical and Scriptural threads this book advocates a social ethic that exhorts Christians to display extreme reluctance on matters of war and to exercise discernment toward political agendas by measuring them against the Sermon on the Mount
