Vietnamese Realities Republic of Vietnam, 1967 *Vietnamese Realities*, 2002 *The Vietnamese War* David W. P. Elliott, 2007 A monumental work of research and analysis this is a history of the Vietnam War in a single province of the Mekong Delta over the period 1930-1975. More precisely it is a study of the Vietnamese dimension of the Vietnam War focusing on the revolutionary movement that became popularly known as the Viet Cong. There are several distinctive features to this study: 1. it provides an explanation for the paradox of why the revolutionary movement was so successful during the war but unable to meet the challenges of postwar developments; 2. it challenges the dominant theme of contemporary political analysis which assumes that people are rational actors responding to events with careful calculations of self interest; 3. it closely examines province level documentation that casts light on a number of important historical controversies about the war. No other history of the Vietnam War has drawn on such a depth of documentation especially firsthand accounts that allow the Vietnamese participants to speak directly to us. *Vietnam* George Donelson Moss, 2020-12-30 Now in its 7th edition *Vietnam: An American Ordeal* continues to provide a thorough account of the failed American effort to create a viable non-Communist state in Southern Vietnam. Unlike most general histories of U.S. involvement in Vietnam which are either conventional diplomatic or military histories, this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth, elucidating more of the complexities of the U.S. Vietnam entanglement. It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina and why they failed. In this new edition, George Donelson Moss expands and refines key moments of the Vietnam War and its aftermath, including the strategic and diplomatic background for United States involvement in Indochina during World War II, how the French with British and American support regained control in southern Vietnam, Saigon and the vicinity in the fall of 1945, the account for the formation of SEATO and the account of the Sino-Vietnamese War of 1979. The text has also been revised and updated to align with recently published monographic literature on the time period. The accessible writing will enable students to gain a solid understanding of how and why the United States went to war against the Democratic Republic of Vietnam and why it lost the long, bitter conflict. This book will be of interest to students and scholars of American history, the history of foreign relations, and the Vietnam War itself. *Vietnamese Realities* Tai-van-Kiem, Nguyen-Ngoc-Linh, Jane Pratt, 1969 *Vietnamese Realities* Vietnam. Problems in the History of the Vietnam War Robert J. McMahon, 1990 Designed to encourage critical thinking about history the Major Problems in American History series introduces students to both primary sources and analytical essays on important topics in U S history Major Problems in the History of the Vietnam War incorporates a spate of new research and a number of recently declassified documents concerning the Vietnam War **Vietnam Verdict** Joseph A. Amter, 1982 The Vietnam War Files Jeffrey P. Kimball, 2004 The new evidence uncovers a number of behind the scenes plays such as Nixon s secret nuclear alert of October 1969 and sheds more light on Nixon s goals in Vietnam and his and Kissinger s strategies of Vietnamization the China card and triangular diplomacy The excerpted documents also reveal significant new information about the purposes of the linebacker bombings Nixon s manipulation of the POW issue and the conduct of the secret negotiations in Paris as well as other key topics events and issues All of these are effectively framed by Kimball whose introductions to each document provide historical context *Daily Report*, 1975-02 *President Hồ-chí-Minh, Beloved Leader of the Vietnamese People* Trường Chinh, 1966 **The Johnson Years: Vietnam, the environment, and science** Robert A.
