Viking Warriors Ben Hubbard,2016-12-15 In Viking Warriors the Norse invaders as infamous for their brutality as their exploration come to life Students will read about raids battles and key fighters and leaders Illustrations engravings and relics depict the Norse culture marine and combat technology and fighting styles that gave them the advantage in battle Maps and diagrams demonstrate their ambitious expansion and conquest of cities and people throughout the Northern hemisphere With their far reaching longships and fierce tactics the influence and violence of the Vikings spread from America to the Middle East leaving behind traces of an iconic culture and combative strategy **Viking Warrior vs Frankish Warrior**

Noah Tetzner,2022-04-28 Fully illustrated this absorbing study assesses the warriors fighting on both sides during the Vikings attacks on the Frankish realm in the 9th century as raiding escalated into full scale siege warfare On the eve of the 9th century Vikings first raided the Frankish Empire on the coast of what is now western France Although this attack ended in disaster for the Scandinavians Charlemagne reportedly wept not in fear of his own life but for the ensuing bloodshed brought upon his successors Mobile parties of highly skilled Viking warriors would continue to raid Francia for decades as these attacking contingents grew more numerous they began to assail powerful centres besieging Paris in 845 and again in 885 To combat the Viking threat Frankish kings mustered scores of infantrymen then subsequently transitioned to cavalry based forces in the 9th century The dynamic nature of Viking activity in Francia meant that numbers and mobility would determine the fate of Charlemagne s Holy Roman Empire This study documents the evolving trial of strength between the Vikings and the Franks under Charlemagne and his successors Through a careful synthesis of primary sources expert analysis and the archaeological record the author invites the reader to visualize the fighting men who fought one another in Francia and offers a balanced assessment of their successes and failures over decades of warfare during the Viking Age

Ragnar Lothbrok University Press,2019-05-05 University Press returns with another short and captivating portrait of one of history s most compelling figures Ragnar Lothbrok Ragnar Lothbrok was a legendary Viking A warrior king whose exploits in battle won him the fierce loyalty of his people and the name Shaggy Breeches he and his armies sowed terror as they invaded their way across 9th century Europe The story of Ragnar Lothbrok s life emerges from the misty depths of the early Middle Ages in the form of a rich oral tradition of Norse legend He may be remembered for plundering cities but upon his death he left behind new trade routes throughout Europe and many sons who would carry on their father s traditions This short book tells the intensely human story of a man who changed the world in a way that no one else could Viking

Viking history to vivid unexpected life and in the process turns what we thought we knew about Norse culture on its head Superb Scott Weidensaul author of New York Times bestselling *A World on the Wing* Magnificent It captured me from the very first page Pat Shipman author of *The Invaders* In 2017 DNA tests revealed to the collective shock of many scholars that a Viking warrior in a high status grave in Birka Sweden was actually a woman The Real Valkyrie weaves together archaeology history and literature to imagine her life and times showing that Viking women had more power and agency than historians have imagined Nancy Marie Brown uses science to link the Birka warrior whom she names Hervor to Viking trading towns and to their great trade route east to Byzantium and beyond She imagines her life intersecting with larger than life but real women including Queen Gunnhild Mother of Kings the Viking leader known as The Red Girl and Queen Olga of Kyiv Hervor's short dramatic life shows that much of what we have taken as truth about women in the Viking Age is based not on data but on nineteenth century Victorian biases Rather than holding the household keys Viking women in history law saga poetry and myth carry weapons These women brag As heroes we were widely known with keen spears we cut blood from bone In this compelling narrative Brown brings the world of those valkyries and shield maids to vivid life
