**History and the Present** Partha Chatterjee, Anjan Ghosh, 2006 The essays in this volume bring together historians and anthropologists to reflect on the place of history within present day conditions The central focus here is on aspects of the popular on the ways in which the popular relates to the scientific the professional the aesthetic the religious the legal and the political These essays represent a critique of the disciplinary practices of history They examine the historians practices and assumptions being mainly concerned with finding a set of practices of history writing that are both truthful and ethical They are united by the desire to find a way out of the self constructed cage of scientific history that has made historians wary of the popular In his introduction Partha Chatterjee spells out some of the requirements for this new analysis of the popular He stresses the fact that in contemporary industrializing societies the

popular should not be taken to be a homogeneous mass On the contrary he states an awareness of the variety and innovativeness of the contemporary popular could rejuvenate academic historiography *The Philosophy of the Human Voice* James Rush,1879 *The Voice of Violence* Joel P. Rhodes,2001-04-30 The tide of 1960s political upheaval while mistaken at the time by some as a unified assault against America carried out by revolutionaries at home and abroad was actually hundreds of locally constructed expressions of political discourse reflecting the influences of race class gender and local conditions on each unique group of practitioners This is a comparative study of how radicals at the local level staged displayed and ultimately narrated symbolic acts of performative violence against the symbols of the American system The term performative violence refers to a method of public protest whereby participants create the conditions in which their violent actions become a political text a powerful symbol with a strong historical precedent Recognizing the textuality of history this interdisciplinary examination deconstructs the performative violence within its historically specific and socially constructed contexts using four representative case histories of late 1960s and early 1970s activism These are the African American rioters in Kansas City the Black Panther Party in Detroit campus radicals at Kansas State University and activists at the University of Kansas Rather than focusing on the major clashes of the Vietnam era this book contributes to recent scholarship on the 1960s which has attempted to offer a more textured analysis of the era s activism particularly its political violence based on more local studies **Democracy and Violence** John Schwarzmantel,Hendrik Kraetzschmar,2013-09-13 Illustrated most dramatically by the events of 9 11 and the subsequent war on terror violence represents a challenge to democratic politics and to the establishment of liberal democratic regimes Liberal democracies have themselves not hesitated to use violence and restrict civil liberties as a response to such challenges These issues are at the centre of global politics and figure prominently in political debates today concerning multiculturalism political exclusion and the politics of gender This book takes up these topics with reference to a wide range of case studies covering Latin America the Middle East Africa Asia and Europe It provides a theoretical framework clarifying the relationship between democracy and violence and presents original research surveying current hot spots of violent conflict and the ways in which violence affects the prospects for democratic politics and for gender equality Based on field work carried out by specialists in the areas covered this volume will be of high interest to students of democratic politics and to all those concerned with ways in which the recourse to violence could be reduced in a global context This book has significant implications for policy makers involved in attempts to develop safer and more peaceful ways of handling political and social conflict This book was published as a special issue of Democratizations *A Manual for the Study of the Human Voice* Eugene Feuchtinger,1918 *Matria Redux* Tegan Zimmerman,2023-06-23 In *Matria Redux* Caribbean Women Novelize the Past author Tegan Zimmerman contends that there is a need for reading Caribbean women s texts relationally This comprehensive study argues that the writer s turn to maternal histories constitutes the definitive feature of this transcultural and transnational genre Through an

array of Caribbean women's historical novels published roughly between 1980 and 2010 this book formulates the theory of matria an imagined maternal space and time as a postcolonial psychoanalytic feminist framework for reading fictions of maternal history written by and about Caribbean women Tracing the development of the historical novel in four periods of the Caribbean past slavery colonialism revolution and decolonization this study argues that a pan Caribbean generation of women writers of varying discursive racialized realities has depicted similar matria constructs and maternal motifs A politicized concept matria functions in the historical novel as a counternarrative to traditional historical and literary discourses Through close readings of the mother daughter plots in contemporary Caribbean women's historical fiction such as Andrea Levy's *The Long Song* Edwidge Danticat's *The Farming of Bones* Paule Marshall's *Praisesong for the Widow* and Marie Elena John's *Unburnable Matria Redux* considers the concept of matria an important vehicle for postcolonial psychoanalytic feminist literary resistance and political intervention Matria as a psychoanalytic postcolonial strategy therefore envisions by returning to history alternative feminist fictions futures and Caribbeans
