

A dramatic photograph of a volcanic eruption. A massive, dark, and billowing plume of ash and smoke rises from a mountain, filling much of the sky. The plume has a textured, cauliflower-like appearance. In the foreground, the dark silhouette of the volcano's rim is visible. The background shows a hazy, light-colored sky. Overlaid on the left side of the image is a semi-transparent globe of the Earth, showing the outlines of continents and latitude/longitude lines. The overall color palette is dominated by dark greys, blacks, and muted blues, with a touch of light from the sky.
