management nonprofit management and human resource management *Volunteer Management* Steve McCurley, Stephen McCurley, Richard Lynch, 1996 A manual of the volunteer management process **Volunteer Management** Jaclyn S. Piatak, Jessica E. Sowa, 2024-11-11 Volunteers play a critical role serving communities and delivering public services. Volunteers serve across many areas in schools, human service organizations, emergency services, and more. By providing services to those in need, volunteers expand the capacity of organizations and can devote extra time to the populations they serve. While research on volunteering has shifted from a focus on recruitment and motivation to management and retention, the focus is largely on universal, one-size-fits-all prescriptions. Volunteer management only recently moved to a contingency perspective focused on organizational needs. However, volunteer management should adapt to meet the needs of organizations and volunteers. Taking a strategic approach, this book provides an overview of volunteer management from planning and recruitment to engagement and evaluation, considering both organizational and volunteer needs and capacity. We develop a strategic volunteer management approach for volunteering to benefit not only the organizations and communities served but also volunteers and society more broadly. This book advances research on volunteer management by combining the organizational and volunteer perspectives, providing a guide for volunteer administrators and coordinators and serving well as text for courses in volunteer management, nonprofit management, and human resource management. *Smart Volunteer Management* Patricia Lotich, 2012-12-14 *Smart Volunteer Management: A Volunteer Coordinator's Handbook for Engaging, Motivating, and Developing Volunteers*, 1st Edition is perfect for anyone who manages volunteers. Whether it is providing a structured application process, training, motivating, or developing volunteers, this book offers practical application tips, tools, with real-life examples, and much more. *Recruiting and Managing Volunteers in Museums* Kristy Van Hoven, Loni Wellman, 2016-01-07 We are in the middle of a museum paradigm shift, and a new type of museum volunteer is emerging from the community. Non-profit volunteers are looking for unique and satisfying ways to engage in their communities, and museums are primed to offer just the experiences these volunteers are looking for. Here's a practical exploration of the differences between the then and now volunteers and solid advice on volunteer recruitment, communication, and retention strategies. Kristy Van Hoven and Loni Wellman will help you answer the questions: What are new volunteers looking for? What is their motivation? How can you spot the hidden gems in your local community? How can you develop a successful relationship with potential volunteers? How do you keep the museum volunteer motivated and happy? What can teens, adults, and retiring professionals bring to your organization? How can your museum support a robust and active volunteer program? How do you reward volunteers and keep them for the long term, and most importantly, how can you meet volunteer's needs and still benefit from their work?
