Why History? Donald Bloxham, 2020 What is the point of history Why has the study of the past been so important for so long Why History A History contemplates two and a half thousand years of historianship to establish how very different thinkers in diverse contexts have conceived their activities and to illustrate the purposes that their historical investigations have served Whether considering Herodotus medieval religious exegesis or twentieth century cultural history at the core of this work is the way that the present has been conceived to relate to the past Alongside many changes in technique and philosophy Donald Bloxham s book reveals striking long term continuities in justifications for the discipline

Henry Parr Greswell,1890 **Why Study History?** John Fea,2013-09-15 What is the purpose of studying history How do we reflect on contemporary life from a historical perspective and can such reflection help us better understand ourselves the world around us and the God we worship and serve In this introductory textbook accomplished historian John Fea shows why Christians should study history how faith is brought to bear on our understanding of the past and how studying the past can help us more effectively love God and others Deep historical thinking can relieve us of our narcissism cultivate humility hospitality and love and transform our lives more fully into the image of Jesus Christ Why History? Keith Jenkins,1999 The author aims to show through a series of case studies of Derrida and others that postmodern ways of thinking signal the end of history history especially when taken in either of two forms the metanarrative on the one hand and the professional academic form on the other introd **The Arena** ,1897 **Education** ,1883 **Why History?** Keith Jenkins,2005-11-18 Why History is an introduction to the issue of history and ethics Designed to provoke discussion the book asks whether a good knowledge and understanding of the past is a good thing to have and if so why In the context of postmodern times Why History suggests that the goal of learning lessons from the past is actually learning lessons from stories written by historians and others If the past as history has no foundation can anything ethical be gained from history Why History presents liberating challenges to history and ethics proposing that we have reached an emancipatory moment which is well beyond the end of history **The Past as Liberation from History** Scott P. Culclasure,1999 The Past as Liberation from History explores the difference between the social construction we call history and the lived experience we call the past arguing that by failing to distinguish between the two we risk unquestionably accepting as authoritative accounts of the past in which we have no voice It shows that identities rooted in the richness and variety of the past even when the history is painful serve the purpose of drawing us closer to one another as we seek to realize our shared dreams of life liberty and the pursuit of happiness By placing in counterpoint broader educational concerns with the teaching experiences of the author the study also explores this individual s testimony as a teacher seeking to make relevant for his students the examination of the past Why History?
