Woman Of Genius:

A Woman of Genius Mary Hunter Austin, 1917-01-01 It is strange that I can never think of writing any account of my life without thinking of Pauline Mills and wondering what she will say of it Pauline is rather given to reading the autobiographies of distinguished people unless she has left off since I disappointed her and finding in them new persuasions of the fundamental lightness of her scheme of things I recall very well how when I was having the bad time of my life there in Chicago she would abound in consoling instances from one then appearing in the monthly magazines skidding over the obvious derivation of the biographer's son from the Lord Knows Who except that it wasn't from the man to whom she was legally married to fix on the foolish detail of the child's tempers and woolly lambs as the advertisement of that true womanliness which Pauline loves to pluck from every feminine bush There was also a great deal in that story about a certain other celebrity for her relations to whom the writer was blackballed in a club of which I afterward became a member and I think it was the things Pauline said about one of the rewards of genius being the privilege of association with such transcendent personalities on a footing which permitted one to call them by their first names in one's reminiscences that gave me the notion of writing this book It has struck me as humorous to a degree that in this sort of writing the really important things are usually left out I thought then of writing the life of an accomplished woman not so much of the accomplishment as of the woman and I have never been able to make a start at it without thinking of Pauline Mills and that curious social warp which obligates us most to impeach the validity of a woman's opinion at the points where it is most supported by experience From the earliest I have been rendered highly suspicious of the social estimate of women by the general social conspiracy against her telling the truth about herself But in fact I do not think Mrs Mills will read my book Henry will read it first at his office and tell her that he'd rather she shouldn't for Henry has been so successfully Paulined that it is quite sufficient for any statement of life to lie outside his wife's accepted bias to stamp it with insidious impropriety There is at times something almost heroic in the resolution with which women like Pauline Mills defend themselves from whatever might shift the centres of their complacency

A Woman of Genius Mary Austin, 1912 It is strange that I can never think of writing any account of my life without thinking of Pauline Mills and wondering what she will say of it Pauline is rather given to reading the autobiographies of distinguished people unless she has left off since I disappointed her and finding in them new persuasions of the fundamental lightness of her scheme of things I recall very well how when I was having the bad time of my life there in Chicago she would abound in consoling instances from one then appearing in the monthly magazines skidding over the obvious derivation of the biographer's son from the Lord Knows Who except that it wasn't from the man to whom she was legally married to fix on the foolish detail of the child's tempers and woolly lambs as the advertisement of that true womanliness which Pauline loves to pluck from every feminine bush There was also a great deal in that story about a certain other celebrity for her relations to whom the writer was blackballed in a club of which I

afterward became a member and I think it was the things Pauline said about one of the rewards of genius being the privilege of association with such transcendent personalities on a footing which permitted one to call them by their first names in one's reminiscences that gave me the notion of writing this book. It has struck me as humorous to a degree that in this sort of writing the really important things are usually left out.
