Woman's Inhumanity to Woman Phyllis Chesler, 2001 Why do contemporary women often have such a hard time getting along with each other at work and within the family Why is female friendship so important to women despite the prevalence of female betrayals How does the mother daughter relationship impede women s growth This book destined to be a controversial classic draws on recent biological psychological and anthropological research as well as hundreds of original interviews to redress the complicated silence that has prevailed about woman s inhumanity to woman While women may not be aggressive in the same way that men are cross cultural studies confirm that girls and women are equally aggressive in indirect ways and mainly toward each other Women envy and compete against other women not against men and tend to deny this even to themselves Like men many women also hold sexist beliefs often they are unaware of it Women depend upon each other for emotional intimacy and bonding but their power to form cliques gossip about and shun one another enforces conformity and discourages self confidence and psychological clarity from girlhood on Are women oppressed Yes Do oppressed people internalize the oppressor s attitudes Without a doubt Women therefore must acknowledge their own sexism and gender double standards before they can practice sisterhood resist sexism treat other women ethically and forge realistic

Ward, 2006-04-13 THE DA VINCI CODE tapped a deep fascination for the sacred feminine hidden at the heart of Christianity

Best selling author Tim Ward digs deeper into this mystery propelling the reader into the pre Christian Goddess religions of the Mediterranean Ward confronts tough questions Are men threatened by the innate power of the feminine Why do men abuse rape and dominate women Shouldnt loving relationships with the opposite sex be natural and easy Did we all lose an essential part of ourselves when we turned our back on the feminine divine How would opening to the feminine face of God help men resolve their issues with women What would it take for men to really let go of patriarchy and genuinely accept women as equals To answer these questions Ward decided to seek out the Goddess with his own demons in tow Over a period of three years he travelled to the ruined temples and shrines of the Goddess in the cradles of Western Civilization At each he encountered one aspect of the many faces of the Goddess He vividly recreates the experience of ancient believers the Eleusinian Mysteries of Demeter the sexual rites of the priestesses of Aphrodite and a human sacrifice on a mountaintop shrine in Crete And in Turkey he sits at the feet of the many breasted Artemis of Ephesus whose rioting followers once threatened to kill the Apostle Paul Facing the Goddess unleashes turbulent emotions for Ward With frank honesty he describes the traumas that erupt in his relationship with the woman he loves who accompanied him on many of his journeys

Female Terrorism and Militancy Cindy D. Ness,2007-12-11 This edited volume provides a window on the many forces that structure and shape why women and girls participate in terrorism and militancy as well as on how states have come to view treat and strategize against them Females who carry out terrorist acts have historically been seen as mounting a challenge to the social order by violating conventional notions of gender and power and their participation in such acts has tended to be viewed as being either as a passive victim or a feminist warrior This volume seeks to move beyond these portrayals to examine some of the structuring conditions that play a part in a girl or woman s decision to commit violence Amidst the contextual factors informing her involvement the volume seeks also to explore the political agency of the female terrorist or militant Several of the articles are based on research where authors had direct contact with female terrorists or militants who committed acts of political violence or with witnesses to such acts **Locomotive Engineers Journal** ,1904
