*Collaboration of Women's and Men's Leadership* Edith Khakasa Chemorion, 2023-02-24 Moving from Hegemony to Partnership in Leadership When God created women and men the intention was for them to be partners with each other and to serve in the world as cocreators with God The story of human beings however has been impacted with culture and other social factors to create different forms of hegemonies These hegemonies have been key in values that create social injustices that are in all spheres of life but more so in women and men relationships In cases of leadership and in many cultures men have adopted attitudes that justify exclusion of women from leadership In religious circles it is justified by the ways texts are read and interpreted through the lens of culture If we begin from the premises of justice and believing in a God of justice then hegemonic ways of understating leadership should be null and void Acknowledging that human beings are created in the image and likeness of God demands that we act differently What this has meant is to challenge injustice in leadership by men and women in partnership The circle of concerned African women theologians in Africa where Rev Edith Chemorion is a member has over the years provided safe spaces for mentoring women to research and write about the experiences of women but much more so to call for justice in all areas including the study of theological education and for leadership in the churches This has borne results because of the partnership of men and women Reverend Edith's contributions to the rallying call is that society moves from hegemony to partnership in all fronts but especially in offering leadership by all We are strong when we partner and we image God's will for society in partnership Prof Esther Mombi Lecturer Faculty of Theology St Paul's University Limuru Kenya

**Men's Sacrifice, Women's Privilege** Sophie-Marie Eve, 101-01-01 Are You Tired of Being Told Men Are the Problem Do you feel like modern feminism has gone too far Are you frustrated by the constant narrative that men are oppressors and women are perpetual victims Do you wonder why men's sacrifices and struggles are ignored while women's grievances are amplified If so this book is for you Discover the historical truth about patriarchy and how it was built on collaboration not oppression Learn why the victimhood narrative harms both men and women and how it undermines true equality Explore the toxic impact of gender wars and why masculinity should be celebrated not vilified Uncover the Marxist roots of modern feminism and how it seeks power not equality Understand the dangers of feminist policies on family structures and societal stability See how false empowerment through victimhood creates dependency not strength Examine the moral and societal consequences of the abortion debate including men's rights Reclaim the value of masculinity and learn how to build healthier more balanced relationships If you want to break free from the lies of modern feminism and understand the true dynamics of gender then buy this book today It's time to stop the blame game and start building a society where both men and women can thrive

Women's Work, Men's Property Stephanie Coontz, Peta Henderson, 2016-03-01 To some a book on the origins of sexual inequality is absurd Male dominance seems to them a universal if not inevitable phenomenon that has been with us since the dawn of our species The essays in this volume offer

differing perspectives on the development of sex role differentiation and sexual inequality but share a belief that these phenomena did have social origins origins that must be sought in sociohistorical events and processes In this way Stephanie Coontz and Peta Henderson introduce a book which fills a yawning gap in Marxist and feminist theory of recent years Women s Work Men s Property brings together specialist historical and anthropological skills of a group of American and French feminists to examine the origins of the sexual division of labor the nature of pre state kinship societies the position of women in slave based societies and the specific forms taken by the oppression of women in archaic Greece Men s Work Women s Property will be welcomed by teachers and students of women s studies and anyone with an interest in the biological psychological and historical roots of sexual inequality
