Hobart Amory Hare

Women Only:

Housing Conditions of Employed Women in the Borough of Manhattan Bureau of Social Hygiene (New York, N.Y.),1922 The Bureau of Social Hygiene made this study of 18 000 working women The study presents statistics on living and working conditions and concludes that the living situation of single working women requires attention

Fathering Behaviors Wade C. Mackey,2012-12-06 Like the lines of a secret map made dimly apparent by the chemical potion brushed on a piece of paper from a child s detective kit the outlines of what may be a substantial behavioral biology of human life seem to be coming clear From genetic science at its most molecular to demography with its assessment of the vital experience of massive populations there is a growing understanding of the various ways in which the human species reveals underlying commonalities of experience through the life cycle and over the web of interactions that constitutes the basic matter of social life At the same time research has been successful in two superficially and contradictory directions first in showing the enormous variation in human arrangements and consciousness across and with in cultures and second in showing the similarity between cultures as far as basic processes of physiology neurophysiology and even so ciallife are concerned But the contradiction only exists in the absence of an understanding of the fact that in a species living under as many ecological historical and economic niches as Homo sapiens cultural variation is what one would naturally expect

Social Issues in Sport, Leisure, and Health Sine Agergaard,David Karen,2023-10-03 This book examines how social issues shape and influence our engagement with sport leisure time physical activity and health promoting exercise Connecting the personal with the public it helps the reader understand how individual exercise leisure and sport participation are both facilitated and constrained by their social contexts Presenting a series of in depth descriptions of grassroots sport urban lifestyle sport physical activity across the life course sport for children with special needs and the development of creative climates in sport this book seeks to encourage what C Wright Mills described as the sociological imagination Every chapter begins with an individual level account centred on everyday challenges with accessing sport partaking in leisure activities and meeting guidelines for daily exercise before exploring the larger socially determined patterns in which those experiences are located establishing a vital template for the social scientific study of sport leisure and health Touching on key contemporary themes including diversity inclusion health inequalities and physical inactivity as well as selection and intensification in sports this book offers new case material and theoretical tools for understanding the relationships between sport leisure health and the wider society This is an indispensable companion for any course on the sociology of sport exercise leisure or physical activity and health
