Slaying the Dragon Ben Riggs, 2022-07-19 2022 Goodreads Choice Awards Finalist 2023 Texas Topaz Nonfiction Reading List Dungeons Dragons It s the fantasy role playing game first conceived over fifty years ago by the now legendary company Tactical Studies Rules which has enthralled millions of devoted gamers around the world for generations It s a test of skill intelligence audacity and survival But no D D game ever played could compare to the stunning behind the scenes melee for power and dominance that was the true story of TSR Slaying the Dragon chronicles the rise and fall of TSR Tactical Studies Rules how the brilliant and wild minds of the legendary Gary Gygax and his co creator Dave Arneson gave birth to a game that would capture the imagination of outsiders and underdogs throughout the world From its humble beginnings in the small town of Lake Geneva Wisconsin to its emergence as a cultural phenomenon TSR soon spawned an unlikely empire of games and geekdom with Dungeons Dragons leading the way that was decades ahead of its time inviting both hyper devoted fans as well as hysteria surrounding the game s supposed corrupting influence on America s youth TSR was in the news in the money and on top of the world But success soon took its toll with creative control and rivalries within the firm threatening the stability of TSR Former allies grew apart personally and professionally

and the formerly fun freewheeling firm founded by a band of misfits collapsed into a desperate struggle for survival. Despite attempts to grow in a changing market, setbacks and management decisions put TSR in a downward spiral in the 1990s, which resulted in the company's death and then resurrection by the most unlikely of saviors. With author access to previously unreleased documents and insider stories and interviews with former TSR employees and associates who witnessed the high-stakes machinations and maneuvering that would eventually seal the company's fate, *Slaying the Dragon* is a fascinating, revealing tale of friends turned enemies, success and failure, and loyalty and betrayal that no roll of the die could predict. Praise for *Slaying the Dragon*: A compelling corporate saga mired in mythmaking. Kirkus Reviews: Riggs's book, a compelling adventure in itself, features interviews with many of the key players narrated by a superfan. The Washington Post: Riggs has written a fascinating and dishy account of the business hits and whistling misses of a band of dreamers, writers, artists, and geeks. A must read for fighters, magic users, and even bards and everyone else too. Brad Ricca, Edgar-nominated author of *Mrs. Sherlock Holmes* and *True Raiders*: Far from a fluff piece on a beloved hobby, this book goes behind the GM's screen to take a hard-nosed look at the people and circumstances that first gave rise to D&D, then nearly killed it twice. Riggs takes you on a roller coaster from boom to near bankruptcy but never loses sight of the individuals involved: the good, the bad, and the geeky. Marie Brennan, Hugo Award-nominated author of the *Memoirs of Lady Trent* series: We strongly recommend buying it, especially if you are interested in TSR and D&D history. *Dungeon Master Magazine*: An indispensable account about the legends and truth from the people that worked there. Highly recommended. Mike Mason, co-designer of *Call of Cthulhu*, 7th edition.
