The Command Is Forward:

The Command Is Forward James Haahr, 2003-11-07 The so called lull in October 1944 in Lorraine was anything but that It was Hell for the infantrymen of the 101st Regiment We lived like animals in our holes in the ground in the mud cold wet and rain under artillery barrages and sniper fire Men were killed every day Then came the Third Army offensive of November 8 It was Hell all over again but there was no lull We were still covered with mud and we were wet cold hungry and miserable After attacking one day we had to get out of our holes and do it all over again the next morning against an enemy that contested every few yards of ground And we did this for the next five weeks in the same conditions in the fortifications of the Maginot Line until the brief respite in Metz The story of the 101st Infantry Regiment in Lorraine is told through first person narrative accounts of bloody and violent combat engagements These are blended with the war diary of the 101st Infantry from August 1944 to May 9 1945 and the first person campaign reports of the commanding generals of the two main German divisions against which the 101st fought up to mid November the 11th Panzer Division and the 361st Volksgrenadier Division Photographs and maps portray some of these actions *The Command Is Forward* Alexander Woollcott, 2018-03-22 Excerpt from *The Command Is Forward* Tales of the a Battlefields as They Appeared It is doubtful if those Chaumont powers who authorized the publication realized for one moment how the new weekly would thrive or how clearly it would become the voice of the A E F the voice of the men in the ranks whose faithful friend it was from first to last It is doubtful if even after it was all over the more tradition bound among the great folk at G H Q Quite understood by just what process of truth this army weekly had gradually succeeded in winning and maintaining its independence from interference About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
