The Rising Generation:

The Rising Generation Sarah L. H. Gronningsater, 2024-07-30 Chronicles the history of emancipation through the cradle to grave experiences of a remarkable generation of black northerners The Rising Generation chronicles the long history of emancipation in the United States through the cradle to grave experiences of a generation of black New Yorkers Born into precarious freedom after the American Revolution and reaching adulthood in the lead up to the Civil War this remarkable generation ultimately played an outsized role in political and legal conflicts over slavery s future influencing both the nation s path to the Civil War and changes to the US Constitution Through exhaustive research in archives across New York State where the largest enslaved population in the North resided at the time of the American Revolution Sarah L H Gronningsater begins by exploring how English colonial laws shaped late eighteenth century gradual abolition acts that freed children born to enslaved mothers The boys and girls affected by these laws were born into a quasi free legal status They were technically not enslaved but were nonetheless required to labor as servants until they reached adulthood Parents teachers and mentors of these children of gradual abolition found multiple ways to protect and nurture the boys and girls in their midst They supported and founded schools formed ties with white lawyers and abolitionists petitioned local and state officials for better laws guarded against kidnapping and cruelty and shaped New York s evolving identity as a free state Black fathers used their votes during annual state elections in the early 1800s to influence legislative antislavery efforts After many but not all black men in the state were disfranchised by a race based property requirement in 1822 black citizens across New York organized to regain equal suffrage and to expand and protect other crucial non gendered features of state citizenship Women and children were critical participants in these efforts Gronningsater shows how as the children of gradual abolition reached adulthood they took the lessons of their youth into midcentury campaigns for legal equality political inclusion equitable common school education and the expansion of freedom across the nation [The rising generation](#) Moncure D. Department of Household Science,1928 *The rising generation: a political treatise* Rising generation,1882 Living for the Future Rachel Muers,2011-10-27 Our relationship to future generations raises fundamental issues for ethical thought to which a Christian theological response is both possible and significant A relationship to future generations is implicitly central to many of today s most public controversies over environmental protection genetic research and the purpose of education to name but a few but it has received little explicit or extended consideration In *Living for the Future* Rachel Muers argues and seeks to demonstrate that to consider future generations as ethically significant is not simply to extend an existing ethical framework but to rethink how ethics is done Doing intergenerationally responsible theology and ethics means paying attention to how people are formed as theological and ethical reasoners reasoners about the good how social practices of deliberation about the good are maintained and developed and how all of this relates to an understanding of the world as the sphere of God s transforming action In other words an intergenerationally responsible theological ethics will pay attention to the ethics and the spirituality of ethics itself Her account of the ethical relation to future generations centres on three key concepts choosing life see Deut 30 19 keeping the sources open and sustaining fruitful contexts These concepts are developed theologically and in engagement with extra theological conversations on intergenerational responsibility She shows how they take up and move beyond concerns expressed in those conversations for survival for the right distribution of resources and for the maintenance of human values

The Rising Generation Constance Elizabeth Maud,1903 *House documents* ,1896 *Borrowed from Your Grandchildren* Dennis T. Jaffe,2020-02-25 Families share how they have maintained and grown their wealth from generation to generation While creating wealth is a wonderful achievement business families are also concerned with how their wealth is used to support their values the lives of their children and the well being of the community Over several generations families who are successful in growing their wealth have been able to reinvent themselves and their business in the face of significant environmental transformations and internal differences cause by family dynamics Borrowed from my

Grandchildren is a fascinating look at how large long lasting business families succeed across generations Author Dennis T Jaffe one of the leading architects of the field of family enterprise consulting has interviewed members of successful well known 100 year family enterprises from 20 countries who serve as role models for those wishing to see their wealth positively impact their children employees and communities Half continue to own their legacy business and others have gone on to become family offices with a portfolio of shared assets but all these families have sustained their values and identity as a family over more than three generations Offering the collected wisdom of nearly 100 global business families this insightful book shares the real life stories of partners in business and wealth management over three or more generations Families that generate rather than reduce their wealth across generations known as Generative Families focus on engaging across generations and develop collaborative governance for both family and business to ensure responsible stewardship from one generation to the next This unique resource Presents real life stories of families sustaining wealth over generations Explores both the successes and failures of retaining family wealth Includes rare private insights from members of prominent wealthy families Examines the nature of global family enterprises and their evolution over generations Discusses the financial human and social dimensions of wealth Borrowed from my Grandchildren The Evolution of Stewardship in 100 Year Families is an essential read for family members non family executives family offices estate planning lawyers family business consultants trust officers philanthropic and foundation advisors financial advisors financial planners CPAs and other finance professionals
