

Here are some little known facts about the Roosevelts—some famous and some not so famous. Did you know that:

- Nicholas J. Roosevelt*, although slighted by history, really invented the steamboat and took the first steamboat down the Mississippi to New Orleans.
- Elizabeth Ann Seton*, the first American to be canonized, is related to the Roosevelts.
- Robert R. Roosevelt* was America's first environmentalist and founded the conservation movement.
- James Roosevelt*, FDR's father, fought in Garibaldi's army for the unification of Italy.
- Theodore Roosevelt* would go for brisk walks about Washington, usually accompanied by only a single Secret Service agent. With President McKinley's murder in mind, he often parked a pistol himself, telling one friend, "I should have some chance of shooting the assassin before he could shoot me, if he were near me."
- John Henry Roosevelt* left the money to found Roosevelt Hospital—money earned by playing the stock market after he was afflicted with polio.
- Theodore Roosevelt, Jr.*, won every combat medal awarded by the U. S. Army, including the Medal of Honor.
- Eleanor Roosevelt* adopted positions considerably in advance of prevailing American diplomatic policy, including a ban on nuclear testing in the atmosphere, the recognition of Red China, and (opposing the State Department) the establishment of a Jewish state in Palestine.

The Roosevelt Chronicles:

The Roosevelt Chronicles Nathan Miller, 1979 Few of America's first families have guided the course of a nation as decisively as the Roosevelts Patriots and poltroons inventors and country squires reformers and machine politicians saints and sinners Nathan Miller tells the story of those self-made aristocrats whose personal stamp has reflected and influenced America for three hundred years They were the mirror of their day and their ancestry attests to that fact from Dutch peasant farmers whose rustic beginnings planted the seeds of greatness to prosperous fur traders whose descendants by 1776 were members of the provincial congress voting for resolutions supporting independence and then ratifying the Constitution Here too is the story of the Roosevelt women making good marriages moving upward amid the powerful and prominent New York families securing for themselves a destiny that would make the twentieth century the Age of the Roosevelts Making use of documents never published before Miller presents a sweeping panorama of an American dynasty From publisher description
