Hoople,2000 In July of 1906 Archibald Henderson could pronounce with perfect confidence that Henry James was a master impressionist But as short a time as six years earlier James s critics lacked this term in their vocabulary and struggled with the sophisticated art of James s developing impressionistic literary technique In Darkest James discusses the reviewer s frustrated often irritated and even anguished attempts to render a satisfactory account of the sequence of artifacts in which James moved toward the perfection of his craft BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Challenges of Pastoral Leadership** Ronald Rojas,John Alvarez,2012-08-07 Its too easy to learn and apply business leadership models to the pastoral sector But is it the best alternative to form Church leaders What are we missing when we

use business models in ministry This book is about creating more sensitivity on how some of these secularly learned models can inadvertently limit pastoral effectiveness and suggests an hourglass approach to leadership capable of fostering a set of principles more harmonious with ministry intent In many ways this book is a guide for cultivating and developing a more authentic sense of leadership in ministry one that emerges from within the scholarly sources of the leadership field but at the same time is rooted in the principle leadership is a spiritual practice This book is a must have for clergy religious women and men and anyone engaged with forming ministry leaders or performing leadership roles in diocesan parish life or Church ministry
