Userfriendly Irrigation Designs

Roger D. Norton

Userfriendly Irrigation Designs:

User-friendly Irrigation Designs Nirmal Sengupta,1993 **User-friendly Irrigation Designs** Nirmal Sengupta,1993
This Timely Book Provides Systematic Documentation Of Some Time Tested And Time Honoured Strategies Evolved For Management Of A Common Resource Namely Irrigation Water To Sustain Its Use Over Years Of Enormous Interest To Management Experts Agricultural Economists Public Administrators And Policy Makers Throughout The Developing World

People at the Well Hans Peter Hahn,Karlheinz Cless,Jens Soentgen,2012-04-19 Water is never just H₂O It is always more It has its own ways of world making and is much more than just a substance or a commodity Water is also a focal point of religious meanings and inspires cultural practices The book shows the different forms the wide range and the impressive diversity of people s dealings with water in different cultures It presents case studies from various parts of the world staging problems about changing accessibility of water and the expectations of men and women at different places While focusing on the micro level the transdisciplinary approach highlights the fundamental differences of water related meanings and practices

Reconsidering the Impact of Climate Change on Global Water Supply, Use, and Management Rao, Prakash,Patil, Yogesh,2016-11-04 Changes in the planet s climate in recent years have led to significant impacts on natural resources and ecosystems New strategies must be adopted in order to support the protection and continued development of numerous natural resources Reconsidering the Impact of Climate Change on Global Water Supply Use and Management is a pivotal reference source for the latest scholarly material on the relationship between global climate changes and the planet s water ecosystems Highlighting relevant environmental social and economic issues this book is ideally designed for academics researchers policy makers students and practitioners interested in the impacts of climate change on global water resources

Common Goods Adrienne Windhoff-Héritier,2002 Offers a systematic analysis of institutional solutions for providing common goods showing how hierarchies established over centuries of nation state rule are obsolete while negotiation and self regulation have grown in importance Contributors include international scholars in the fields of sociology economics political science and other fields Annotation copyrighted by Book News Inc Portland OR **Elinor Ostrom and the Bloomington School of Political Economy** Daniel H. Cole,Michael D. McGinnis,2015-09-04 In addition to winning the 2009 Nobel Prize in Economic Sciences for her path breaking research on economic governance especially the commons Elinor Lin Ostrom also made important contributions to other fields of political economy and public policy This four volume compendium of papers written by Lin often with coauthors most notably her husband Vincent along with papers by others expanding on her work brings together the strands of her entire empirical analytical theoretical and methodological research program Together with Vincent s important theoretical contributions they defined a distinctive Bloomington School of political economic thought Volume 2 examines Lin s work on the commons in which she demonstrated that in many cases local resource users can solve collective action problems through common property management regimes It comprises

papers including some that are not well known related to and building on the findings of *Governing the Commons* 1990 Part I focuses on key attributes of biophysical resources and the institutions human communities have designed to govern them Part II shows how in various social and ecological circumstances different sets of institutions facilitate or impede the long run sustainability of resources Part III highlights Ostrom's first major research project on water resources in Southern California It was a topic she and her students returned to with the specific intention of gathering data more than 50 years worth for longitudinal analyses of combined institutional and ecological change In sum this volume contextualizes what is at present thought to be Lin's greatest legacy to social science the conditions under which resources can be sustainably managed over very long periods of time by the collective action of ordinary people beyond markets and states

Water Institutions: Policies, Performance and Prospects Chennat Gopalakrishnan, Cecilia Tortajada, Asit K. Biswas, 2005-02-22 This is a global survey and assessment of the structure evolution and performance of water institutions administration policies and regulatory practices in regional national and international settings The coverage includes analysis and discussion of the rationale for institutional innovations based on case study findings specific suggestions for sustainable institutional design and recommendations for implementing institutional reforms

Large Dams Anthony H. J. Dorsey, 1997-01-01 In 1996 the World Bank Operations Evaluation Department completed an internal review of 50 large dams funded by the World Bank IUCN The World Conservation Union and the World Bank agreed to jointly host a workshop in April 1997 to discuss the findings of the review and their implications for a more in depth study The workshop broke new ground by bringing together representatives from governments the private sector international financial institutions and civil society organizations to address three issues critical advances needed in knowledge and practice methodologies and approaches required to achieve these advances and proposals for a follow up process involving all stakeholders

Efficient Decision Support Systems Chiang Jao, 2011-09-06 This series is directed to diverse managerial professionals who are leading the transformation of individual domains by using expert information and domain knowledge to drive decision support systems DSSs The series offers a broad range of subjects addressed in specific areas such as health care business management banking agriculture environmental improvement natural resource and spatial management aviation administration and hybrid applications of information technology aimed to interdisciplinary issues This book series is composed of three volumes Volume 1 consists of general concepts and methodology of DSSs Volume 2 consists of applications of DSSs in the biomedical domain Volume 3 consists of hybrid applications of DSSs in multidisciplinary domains The book is shaped decision support strategies in the new infrastructure that assists the readers in full use of the creative technology to manipulate input data and to transform information into useful decisions for decision makers

Indian Economic Review, 1994 **Traditional Water Harvesting Systems** B. C. Barah, 1996 Water Is Vital To Life Sustenance But Today The Serious Scarcity And More Seriously The Scarcity Amid Plenty Syndrome Of Drinking Water Water For Plants And Sanitation Convert The Situation To A Deep Crisis

Large Scale Abuses Of The Water Resource By The Modern Development Activities And Total Neglect Of The Traditional Water Structures Which Had Been Built For The Purposes Of Water Retention And Efficient Storage Besides Performing A Number Of Environmental Functions Which Ensured Sustainability Is The Major Factor Responsible For The Serious Problem The Book Attempt To Trace The Historical Processes Of Water Resourc Development And Initiate A Debate On The Integration Of Traditional System Of Water Harvesting With The Modern Methods The People S Participation In Their Management Was A Key Factor Of The Success Of Traditional Systems However The Prospect Of The Sustainability Of Water Resource Development Is Weakened By De Emphasizing The Social Absorption Of Irrigation Technology And Over Emphasizing The Engineering Solution To The Problem Of Water Resources The Book Analyses The Causes Of Negligence And The Consequent Ignorance Of The Traditional Knowledge Of Water Resource Development In India It Is Also Argued That The Sustainability Of Several Of The Old Systems Manifest That The Traditional Values If Integrated Properly Into The Modern Method Could Solve The Crisis Situation To Great Extent

Agricultural Development Policy Roger D. Norton, 2004-02-13 Prepared under the aegis of the Food and Agriculture Organization of the United Nations FAO this text presents a fresh and comprehensive look at agricultural development policy It provides a clear systematic review of important classes of policy issues in developing countries and discusses the emerging international consensus on viable approaches to the issues The text is unique in its coverage and depth and it Summarises hundreds of references on agricultural development policies Cites policy experiences and applied studies in more than 70 countries Provides guidance for policy makers giving examples of successes and failures Reviews issues related to the formulation of strategies and the requirements for making them successful Develops the conceptual foundations and illustrates policies that have worked and some that have not with explanations Topics covered include agriculture s role in economic development the objectives and strategies of agricultural policy linkages between macroeconomic and agricultural policy policies for the agricultural financial system and agricultural technology development Upper level undergraduates taking courses in Economic Development and International Development and graduates taking courses in Agricultural Development International and Economic Development Natural Resource Management and specialised topics in agriculture will find this text of great interest It also serves as a reference for professionals and researchers in the field of International Development
