Utility Of Force:

The Utility of Force Rupert Smith, 2008-02-12 From a highly decorated general a brilliant new way of understanding war and its role in the twenty first century Drawing on his vast experience as a commander during the first Gulf War and in Bosnia Kosovo and Northern Ireland General Rupert Smith gives us a probing analysis of modern war He demonstrates why today s conflicts must be understood as intertwined political and military events and makes clear why the current model of total war has failed in Iraq Afghanistan and other recent campaigns Smith offers a compelling contemporary vision for how to secure our world and the consequences of ignoring the new shifting face of war **"The Utility of Force"**, 19 THE UTILITY OF FORCE THE ART OF WAR IN THE MODERN WORLD SDA BOOK PRESENTATION SECURITY DEFENCE AGENDA 3 GENERAL SMITH CALLS FOR REVOLUTIONARY THINKING At the outset of his presentation of his new book *The Utility of Force the Art of War in the Modern World* General Sir Rupert Smith called for fundamental changes in the way modern warfare is approached He hoped the consequences of the book and its arguments would lead to a change in the education of the military to adapt the mentality of war amongst people Looking to the benefits of the civil military planning cell and the EDA Solana ended on an optimistic note as the Agency in particular was an adaptable instrument that could change both the way industry worked and the use of technology THE UTILITY OF FORCE THE ART OF WAR IN THE MODERN WORLD SDA BOOK PRESENTATION SECURITY DEFENCE AGENDA 8 THE UTILITY OF FORCE THE ART OF WAR IN THE MODERN WORLD SDA BOOK PRESENTATION SECURITY DEFENCE AGENDA 9 THE UTILITY OF FORCE THE ART OF WAR IN THE MODERN WORLD SDA BOOK PRESENTATION SECURITY DEFENCE AGENDA 10 List of Participants Malgorzata Alterman Head of Media and Communication Ryan Representative of the US Secretary of Defense Mission of the United States of America to the EU Stefano Sannino Principal Advisor Representative of the EC to the Political and Security Committee European Commission DG for External Relations Gennady Savostyuk Counsellor on military questions Mission of the Russian Federation to the EU Siebe Schuur Minister Plenipotentiary for External Econo *Hard Power and Soft Power* Colin S. Deliberation on Utility of Force in the Twenty-first Century Robert S. White, 2016 Despite tactical dominance and technical battlespace awareness the United States is not achieving the results its overwhelming military capabilities seem to promise This is indicative of a failure in operational art caused by a misapplication of force and misunderstanding its utility when used for purposes not intended and ultimately ill suited The utility of force resides in its ability to achieve to the appropriate degree regarding the amount of force required and utilized a military objective aligned to and nested within the greater political goal To better engage today's adversaries our strategic leaders and military practitioners need to embrace a new paradigm regarding applications of military force as they formulate strategies plan campaigns and conduct operations in pursuit of national interests By challenging the underlying assumptions regarding the utility of force our leaders can properly address the current cycles of confrontation and conflict Ultimately other instruments of national power must be relied upon and bolstered where necessary The use of force can create at best a stalemate Other levers of national power must be applied to achieve the desired endstate or policy objective
