

Difference between simple and complex views

Simple views

- A simple view is one that :
 - Derives data from one table.
 - Contains no functions or group of data.
 - Can perform DML operations through view.

Example:

```
CREATE VIEW emp_view AS
SELECT f_name, salary from Employees
WHERE dep_id=90;
```

Complex views

- A complex view is one that:
 - Derives data from many tables.
 - Contains functions or group of data.
 - Does not always allow DML operations through view.
 - In particular, complex views can contain:
 - join condition
 - Distinct
 - Pseudo columns
 - Group By clause
 - Having clause

Example:

```
CREATE VIEW comp_view AS
SELECT
    e.f_name,e.emp_id,e.job_id,e.dep_id,d.dep_id,d.location
WHERE e.dep_id=d.dep_id;
```

Views of Difference Catherine King, 1999-01-01 *Views of Difference* Different Views of Art is the fifth of six books in the series *Art and its Histories* which form the main texts of an Open University course The course has been designed for students who are new to the discipline but will also appeal to those who have undertaken some study in this area This fifth volume focuses both on the creation and critique of western viewpoints on art and its histories and on the idea of cultural difference entailed in the concept of non western art [Views of Difference](#) Nicola Durbridge, 2001 **Difference In**

View: Women And Modernism Gabriele Griffin, 2003-09-02 This collection of essays challenges conceptions of high modernism its preoccupation with style at the expense of issues such as race class and gender and its exclusive focus both on predominately male writers poetry and prose fiction by highlighting the diversity of cultural production in the modernist period This book focusses specifically on women s cultural production covering a wide range of arts and genres including chapters on painting theatre and magazines The book investigates how women usually constructed as others themselves construct others in their work in a period prominently concerned with the construction of self as an issue This diversity offers a new format of reading modernism in a cross disciplinary context [Explanation and Understanding](#) Arnon

Levy, 2025-06-30 Science has multiple goals to describe the world as it is now to predict the future and to make inferences about the past Science also aims to understand the world to explain why it is the way it is But what does it take to explain a phenomenon How does science generate understanding and what does that take In this thorough and clearly written introduction to scientific explanation Arnon Levy explores the following problems and questions the background to the topic of scientific explanation particularly the questions of what an explanation is what makes a good explanation and why seek them in the first place empiricism about explanation Hempel s deductive nomological model and its problems unificationism about explanation must good scientific explanations fit into an overall explanatory store causation and explanation Lewis s description based model Woodward s interventionist view and Strevens s criterion of selection theory connections between explanation and understanding models idealization and explanation non causal explanation and explanation in non scientific contexts the nature of understanding Additional features such as chapter summaries suggestions for further reading and a glossary make this an excellent resource for students of philosophy of science metaphysics and epistemology [Records](#)

, 1878 **Theories of Human Nature - Third Edition** Peter Loftson, 2006-01-06 This book explores the idea of human nature and the many understandings of it put forward by such diverse figures as Aristotle Rousseau Marx Freud Darwin and E O Wilson Each chapter looks at a different theory and offers a concise explanation assessing the theory s plausibility without forcing it into a mould Some chapters deal with the ideas of only one thinker while others such as the chapters on liberalism and feminism present a variety of different positions A clear distinction is made between theories of human nature and the political theories which so often follow from them For the new edition Loftson has addressed the new developments

in the rapidly expanding genetic and paleontological record as well as expanded the discussion of the Christian theory of human nature by incorporating the ideas of the Marx scholar and social theorist G A Cohen The new edition has also been substantively revised and updated throughout
