

# Why is reading at home so important?

Children with access to 25 books at home complete an average of 2 more years of school than children from homes without any books.

Kids 4-5 years old gain 6 months of reading ability by being read to 3 to 5 times per week.

Reading is a critical skill for succeeding in most school subjects.

A child spends 900 hours a year in school and 7800 hours at home.

Research shows that just 20 minutes a day spent reading with a child helps them develop critical reading skills.

## Why Children Cant Read:

*Why cant U teach me 2 read?* Beth Fertig,2009-09-15 *Why cant U teach me 2 read* is a vivid stirring passionately told story of three students who fought for the right to learn to read and won only to discover that their efforts to learn to read had hardly begun A person who cannot read cannot confidently ride a city bus shop take medicine or hold a job much less receive e mail follow headlines send text messages or write a letter to a relative And yet the best minds of American education cannot agree on the right way for reading to be taught In fact they can hardly settle on a common vocabulary to use in talking about reading As a result for a quarter of a century American schools have been riven by what educators call the reading wars and our young people have been caught in the crossfire *Why cant U teach me 2 read* focuses on three such students Yamilka Alejandro and Antonio all have learning disabilities and all legally challenged the New York City schools for failing to teach them to read by the time they got to high school When the school system s own hearing officers ruled in the students favor the city was compelled to pay for the three students now young adults to receive intensive private tutoring Fertig tells the inspiring heartbreaking stories of these three young people as they struggle to learn to read before it is too late At the same time she tells a story of great change in schools nationwide where the crush of standardized tests and the presence of technocrats like New York s mayor Michael Bloomberg and his schools chancellor Joel Klein have energized teachers and parents to question the meaning of education as never before And she dramatizes the process of learning to read showing how the act of reading is nothing short of miraculous Along the way Fertig makes clear that the simple question facing students and teachers alike How should young people learn to read opens onto the broader questions of what schools are really for and why so many of America s schools are faltering *Why cant U teach me 2 read* is a poignant vital book for the reader in all of us

Hollingsworth, 2024-08-08 At the end of the Constitutional Convention Ben Franklin was asked by a woman what sort of government the delegates had provided His answer was A Republic If you can keep it That is a simple yet profound statement America has been a successful republic for over two hundred years Yet beginning with the New Deal of Franklin Delano Roosevelt we have gradually lost the truth of what it means to be a republic Gradually and mainly with the work of the Democrats we have become a collectivist society we have gradually become not a republic but a socialist country with bigger government and a tendency to government tyranny Now we are at a crossroads This next election may well determine if we will remain a constitutional republic or fall down into being no more than a third world banana republic It is time to retake

control of our government which is a servant of the people not a master We need to control our government on the national level Congress the President the Supreme Court But we also need to take control on the local level schools libraries city councils and county and state governments It is not too late but the time is moving quickly This book explains much of the problem and provides some hope as to how to overcome it America has been a great nation and can be great again State Course of Study for Rural Schools of Montana ... 1923 Montana.
