

Why Hitler

Eric Voegelin

Why Hitler:

Why Hitler Came Into Power Theodore Abel, 1986 Analyzes six hundred essays written by workers soldiers farmers clerks young people and anti Semites about why they joined the Nazi party *Inside Hitler's High Command* Geoffrey P. Megargee, 2000 Challenging previous accounts Megargee shatters the myth that German generals would have prevailed in World War II if only Hitler had not meddled in their affairs Instead he observes that the military's strategic ideas were no better than Hitler's and often were worse 20 photos *Lives of Hitler's Jewish Soldiers* Bryan Mark Rigg, 2009 They were foot soldiers and officers They served in the regular army and the Waffen SS And remarkably they were also Jewish at least as defined by Hitler's infamous race laws Pursuing the thread he first unraveled in *Hitler's Jewish Soldiers* Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish In this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing As many as 150 000 Jews and partial Jews or Mischlinge served often with distinction in the German military during World War II The men interviewed for this volume portray a wide range of experiences some came from military families some had been raised Christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps Yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families The interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the Nazi years and afterward and their sobering reflections on religion and the Holocaust including what they knew about it at the time Rigg relates each individual's experiences following the establishment of Hitler's race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members Their stories reveal the constant tension in their lives how some tried to hide their identities and how a few were even Aryanized as part of Hitler's effort to retain reliable soldiers including Field Marshal Erhard Milch three star general Helmut Wilberg and naval commander Bernhard Rogge Chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances *Lives of Hitler's Jewish Soldiers* deepens our understanding of the complex intersection of Nazi race laws and German military service both before and during World War II **Hitler's Jewish Soldiers** Bryan Mark Rigg, 2002 On the murderous road to racial purity Hitler encountered unexpected detours largely due to his own crazed views and inconsistent policies regarding Jewish identity After centuries of Jewish assimilation and intermarriage in German society he discovered that eliminating Jews from the rest of the population was more difficult than he'd anticipated As Bryan Rigg shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the German military Contrary to conventional views Rigg reveals that a startlingly large number of German military men were classified by the Nazis as Jews or partial Jews Mischlinge in the wake of racial laws first enacted in the mid 1930s Rigg demonstrates

that the actual number was much higher than previously thought perhaps as many as 150 000 men including decorated veterans and high ranking officers even generals and admirals As Rigg fully documents for the first time a great many of these men did not even consider themselves Jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived German nation In turn they had been embraced by the Wehrmacht which prior to Hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers The process of investigation and removal however was marred by a highly inconsistent application of Nazi law Numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier s parent spouse or other relative from incarceration or far worse Hitler s own signature can be found on many of these exemption orders But as the war dragged on Nazi politics came to trump military logic even in the face of the Wehrmacht s growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the Third Reich Based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred Mischlinge and their relatives Rigg s study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of Hitler s rule **Why Hitler?** Samuel W. Mitcham, 1996-11 Transporting the reader to the Germany of the 1920s and 30s this history details the climate that brought the crumbling of the Weimar Republic and the rise of Hitler and the Nazi Reich Samuel W Mitcham Jr is an internationally recognized authority on Nazi Germany and World War II [Why Are We Socialists?](#) Joseph Goebbels, Ian Tinny, Dead Writers Club, 2020-07-17 Why are we socialists was written by Dr Joseph Goebbels in 1929 Goebbels was the Minister of Propaganda under Adolf Hitler from 1933 1945 Goebbels has been described in various ways in documentaries that critique Nazism and Fascism But what did Goebbels actually say when he talked To find out come inside his mouth See what he said This book examines the actual words of a man who came close to destroying the planet If we are to discover the minds of Goebbels and Hitler we must penetrate behind the thick curtains of superficial evidence which conceal them and the unreliable media intermediaries who have distorted their speeches and writings For example Why are we socialists is merely a small section of a larger article authored by Goebbels that is usually titled Those Damned Nazis However that is not the title that Goebbels gave his larger publication In the German language the title was Die verfluchten Hakenkreuzler or Those Damned Hakenkreuzlers Goebbels did not use the word Nazi in the title nor anywhere within the pamphlet The revelations in this paragraph were uncovered in the historian Dr Rex Curry s work Those Damned Nazis is a deceitful translation that was intended to cover up what Goebbels actually said This book reproduces the entire text of Why are we socialists As a free bonus specific examination of Mein Kampf is made for many comparisons This book is a useful study guide to Hitler s Mein Kampf whereby what had been a vague plan suddenly was reality almost to the disbelief of Goebbels and other supporters Goebbels supported schools so that his deadly dogma could be spread throughout Germany s educational

system This book is a startling expose of the origin of Goebbels goals This book reveals that many of Goebbels shocking ideas were borrowed from the USA *Hitler and His Secret Partners* James Pool,1997 In this powerful expose about Hitler s secret funding James Pool tells the full story of the financial calculation exploitation and greed at the core of the Third Reich including startling revelations about those who provided Hitler with money and the moral support he needed The current furor over Nazi money held in Swiss banks makes this book extremely timely photos Print reviews *Hitler's Headquarters* Blaine Taylor,2007 Blaine Taylor has written and assembled a fascinating photographic history of Adolf Hitler s many headquarters both before and during World War II Taylor includes all of the private residences offices command posts and even mobile headquarters from which the Nazi dictator planned his rise to power and the conquest of Europe Taylor recounts the background and physical description of each headquarters while also relating these locations importance to the larger story of Nazi Germany and World War II Restless Hitler rarely worked at a desk and was almost always on the move during the war with headquarters scattered throughout Germany and across the continent from the Ukraine to Belgium Taylor describes the best known headquarters such as Wolf s Lair the Berchtesgaden complex and the Berlin bunker but he also includes many lesser known ones such as Hitler s armored train Amerika Felsenest near the Belgian border and the compound codenamed Tannenberg in the Black Forest Hitler spent a fortune on these varied sites some of which he never used Ultimately and perhaps fittingly he spent his final days before committing suicide holed up in his extensive bunker deep beneath Berlin **Hitler's Miracle Weapons: the Secret History of the Rockets and Flying Crafts of the Third Reich** Friedrich Georg,2003 Following on from the success of volume 1 Friedrich Georg s second book in the series covers unconventional short and medium range weapons In particular this volume includes a wealth of information about the V rocket programme not just the more familiar V 1 and V 2 but special variants of these two rockets as well as later experimental craft and weaponry Following a fascinating examination of pre war efforts to build flying bombs the author examines the V 1 and V 2 projects in great detail Particular attention is paid to special variants that have previously received little coverage These include the V 2 A 4 America Rocket and V 2s designed to carry nuclear and radiological warheads The capability of the Germans to deploy such weapons is also discussed A large number of weird and wonderful projects that never left the drawing board are examined including the FR 35 V 6 V 101 Waterfall and Naval EMW A 7 rockets The fascinating final section examines German plans to utilise such rocketry against London and Paris in 1945 as well as recounting the activities of V weapons on other fronts including Italy Yugoslavia and the Eastern Front The text is supported by b w photographs and 16 superb pages of colour artwork including profiles computer generated images of designs that never flew and pictures of the author s own models *Why Hitler?* Sarah Cain Neitzel,1971 *Hitler's Nazi State* Otis C. Mitchell,1988 Summarizes recent research and refers to primary sources with the intention to counter over simplified views of the monolithic totalitarian Nazi state Ch 9 pp 183 202 The Persecution of the Jews in Germany and Foreign Lands sketches

the history of antisemitism particularly in Germany describing the transition from religious to racial antisemitism and the increase in antisemitism after World War I Surveys Nazi anti Jewish policy after 1933 and the Final Solution In reference to the historians debate concludes that whereas the functionalist theory may explain other aspects of the Nazi state in antisemitic policy documentary evidence leads us back to intentionalism *Liberty*, 1935 **The Collected Works of Eric Voegelin: Hitler and the Germans** Eric Voegelin, 1989 *The Unknown Hitler* Wulf Schwarzwaller, 1989 Hitler Fredrick Carl Redlich, 2000 Redlich draws upon Hitler s medical records to show what transformed the dictator from an aimless friendless and vaguely resentful youth into the most destructive force of the 20th century 22 illustrations **The Collected Works of Eric Voegelin: Hitler and the Germans v.32. The theory of governance and other miscellaneous papers, 1921-1938** Eric Voegelin, 1989 Myths and Realities in Eastern Europe Walter Kolarz, 1946 *The Diplomacy of Surprise, Hitler, Nixon, Sadat* Michael I. Handel, 1981 Hitler and the Quest for World Domination Geoffrey Stoakes, 1986 Examines the factors influencing Hitler and the Nazi Party in the evolution of an aggressive expansionist foreign policy towards the USSR and desire for alliances with Italy and Britain during the 1920s Discusses the extreme anti Bolshevik antisemitism of Dietrich Eckart and Alfred Rosenberg the imperialist ideology of the prewar Pan German movement which was also antisemitic and geopolitical theory Concludes that the party s antisemitic ideology played an important role in the decision to seek territory in the East However at this time Hitler s theories of world domination by the Aryan race did not necessarily imply German world conquest The consistency of Hitler s basic strategy from the 1920s on strengthens the claim of the intentionalist school that his goals were well defined from the early days of the Nazi Party **Hitler Strikes Poland** Alexander B. Rossino, 2003 Usually given short shrift in most histories of World War II Hitler s invasion of Poland was more than a series of opening salvos it was a testing ground for German brutalities to come This is a comprehensive study of the campaign including insights into its ideological underpinnings
