what they are then this book is definitely not for you What do you get when you introduce Deadpool s personality to Disney s Giselle s If you answered a love story for the ages you wouldn t be totally wrong But you wouldn t be totally right either With a heroine who won t let a stupid little thing like being too good get in the way of showing her stupid ex what s what and a hero who wants no part of being the male lead in a romance novel these two opposites find themselves in an unconventional partnership When peppy go lucky Avery eventually wears down bad to the bone Davin s defences he agrees to help her trash her reputation And if Davin can help her pass math while he s at it all the better So it s goodbye to Little Miss Goody Two Shoes and hello to a whole new Avery Davin was only supposed to be Avery s mistake the guy that everyone would eventually call her little phase and he figured it would be good for a laugh when he looked back on it But the more they re together the less either of them feel it s a mistake Now if only one of them could mention that to the other and ease all that angst ridden tension A laugh out loud modern day fairy tale in dual POV for those who know life never quite goes according to plan The first book in a new standalone series *Bad Boy s Guide to Please* be aware that this story is set in Australia and therefore uses Australian English spelling and syntax
