means clearing the clutter from your life to focus on what's truly important. Chances are 75% of the things in your home are no benefit to your life at all. You'll also find that throwing out a few garbage bags feels even better than therapy. Why do you hold onto things? Here are just some of the reasons: Security but the paradox is that the more we cling the more frustrated and overwhelmed we feel. Addiction shopping is a high and the novelty wears off. Approval keeping material representations of who we are is one way we show off. Identity we identify with what we own so that's why we're upset when something is stolen or broken. Obligation to others we please others by keeping gifts and inherited things we don't really like or need. By letting go of possessions that no longer serves us we can let go of old beliefs. Open ourselves up to new opportunities and relationships. See your home your life for what they really are. Need less and do more. Cultivate meaningful relationships. Be more in tune with yourself in a meditative space. Stop shopping as a form of therapy. Stop wasting money. Restore clarity. FIND WHAT YOU REALLY VALUE. When you have inner clutter it expands to your environment. So when you live in a clean and soothing environment it can only benefit your inner life. Don't let the word minimalism scare you. Minimalistic living is not about getting rid of modern advancements and living in the stone age. It's only about keeping things that are useful, meaningful and add value to your life. While it does not place importance on material things and lavish living, minimalism is also not about denying yourself of the things you need. The guide is divided by different rooms and topics to make it easy and practical to refer to: Entryway, Kitchen, Living Room, Bathroom, Bedroom, Children's Rooms, Teen Rooms, Garage, Basement, Attic, Garden, Office, Computer, Technology, Closets, Mail, Sentimental Objects, Photos, Cards, Letters, Music, People. This book also helps you Recognize Clutter, Declutter, clean, organize your home room by room. Sell your things for profit. Shop for a minimalist wardrobe. Get your family on board. Declutter digital content and computer files. Go car free or car lite. Surround yourself with people who add value to your life. Maintain your space once you've minimized. Living with less is the first step to a peaceful mind. It makes space for the new to come in. Buy the book, put it into practice and welcome positive change into your life now.

Are you stressed by the clutter of your living space and feel like your mind is cluttered as a result? If so, *Minimalist Living* by Nicholas Morris is THE book for you. It covers all you need to know about how to start living a minimalist lifestyle. Minimalist living is all about being content and satisfied with what you have rather than pursuing desperately after what you want. According to a statistic reported in the LA Times, each American family has on average 300,000 items in their home. Many of these items we forget about underneath piles of other objects. The Wall Street Journal reports that Americans spend 1.2 trillion a year on non-essential items. This causes a great deal of clutter in our homes and in our minds as we lose almost 200,000 items in our lifetimes on average. How can we start to control this growing problem and keep our minds, homes, and lives free of clutter? Minimalist living is the answer that will bring meaning back into a life that has been based on material accumulation. What separates this book from the rest? Most other books are theoretical in nature and teach you the history and theory behind minimalist living. This book teaches you those things along with everyday applications and questions to help you put what you learn into action. You will learn truly useful tips in no time on how to minimize your home, your clutter, and your life to find deeper meaning in relationships and experiences rather than the superficial meaning that comes from material wealth. You will learn the following: History of Minimalism, Reasons for Living A Minimalist Lifestyle, How To Declutter Your Home, How To Minimize Your Home, Why You Should Live Frugally, The Reasons Why We Overspend, How And Why To Single Task Instead Of Multi Tasking, The Changes That Minimalist Living Will Bring To Your Mindset, And much more.
