## **The Balkans:**

The Balkans Mark Mazower, 2002-08-06 Throughout history the Balkans have been a crossroads a zone of endless military cultural and economic mixing and clashing between Europe and Asia Christianity and Islam Catholicism and Orthodoxy In this highly acclaimed short history Mark Mazower sheds light on what has been called the tinderbox of Europe whose troubles have ignited wider wars for hundreds of years Focusing on events from the emergence of the nation state onward The Balkans reveals with piercing clarity the historical roots of current conflicts and gives a landmark reassessment of the region s history from the world wars and the Cold War to the collapse of communism the disintegration of Yugoslavia and the continuing search for stability in southeastern Europe

The Balkans in World History Andrew Baruch Wachtel, 2008-11-05 Eminent historian Andrew Wachtel here depicts the Balkans as that borderland geographical space in which four of the world s greatest civilizations have overlapped in a sustained and meaningful way to produce a complex dynamic sometimes combustible multi layered local prvilization It is the space in which the cultures of ancient Greece and Rome of Byzantium of Ottoman Turkey and of Roman Catholic Europe met clashed and sometimes combined The history of the Balkans is thus a history of creative borrowing by local people of the various civilizations that have nominally conquered the region

**Imagining the Balkans** Maria Todorova, 2009-04-15 If the Balkans hadn t existed they would have been invented was the verdict of Count Hermann Keyserling in his famous 1928 publication Europe Over ten years ago Maria Todorova traced the relationship between the reality and the invention Based on a rich selection of travelogues diplomatic accounts academic surveys journalism and belles lettres in many languages Imagining the Balkans explored the ontology of the Balkans from the sixteenth century to the present day uncovering the ways in which an insidious intellectual tradition was constructed became mythologized and is still being transmitted as discourse Maria Todorova who was raised in the Balkans is in a unique position to bring both scholarship and sympathy to her subject and in a new afterword she reflects on recent developments in the study of the Balkans and political developments on the ground since the publication of Imagining the Balkans The afterword explores the controversy over Todorova s coining of the term Balkanism With this work Todorova offers a timely updated accessible study of how an innocent geographic appellation was transformed into one of the most powerful and widespread pejorative designations in modern history

**The Balkans Beyond Nationalism and Identity** Pavlos Hatzopoulos,2007-12-19 For decades we have come to accept that nationalism formed the basis of the modern history of the Balkans In this bold and controversial study Pavlos Hatzopoulos turns this assumption on its head Through a ground breaking examination of the non nationalist ideologies in the Balkans during the interwar period Hatzopoulos calls into question the supposedly inherent connection between the Balkans and nationalism and argues that nationalism does not form the sole ordering principle of the modern history of the Balkan region Focusing on the ideologies of communism liberal internationalism and agrarianism Hatzopoulos examines how these interact with nationalist ideology He demonstrates how non nationalist theories challenge the nationalist view of the Balkans as the sum of several national spaces He even questions the nationalist understanding of the very term the Balkans

**The Balkans Beyond Nationalism and Identity** revisits contemporary debates on a region that is still a European crisis point and challenges the nation centric understanding that permeates it In proposing a description of the Balkans as a contested political concept the book argues for a completely fresh interpretation of the region s composition
