The Australian Way with Words Max Harris,1989 **Judicial and Statutory Definitions of Words and Phrases** ,1914 **Meanjin** ,1992 **Republics of Letters** Peter Kirkpatrick,Professor Robert Dixon,2018-08-30 Republics of Letters Literary Communities in Australia is the first book to explore the notion of literary community or literary sociability in relation to Australian literature **The Australian Way in Labor Relations** Henry Theodore Buechel,1949 Soft Totalitarian: The New Australian Way Charlie Armstrong Adams,2025-10-24 In a nation that still calls itself free a quieter form of control has taken hold Australia s leaders speak of safety unity and cohesion but behind the soft language of care lies a new moral machinery built to manage thought itself In *Soft Totalitarian The New Australian Way* author Charlie Armstrong Adams exposes how laws meant to protect hate speech provisions misinformation bills and behavioural threat policing are being transformed into instruments of bureaucratic morality Drawing on real cases and historical parallels Adams traces how surveillance social regulation and Catholic moral governance have converged to create a state where obedience is praised as virtue and dissent quietly redefined as danger From the Fixated Persons Unit to ASIO s social cohesion agenda from the Disinformation Bill to the moralisation of national security this book reveals how Australia s democracy has evolved into a system of managed harmony a place where conscience is monitored speech is filtered and citizens are disciplined through compassion With fearless analysis and haunting clarity Adams argues that the country s bureaucratic elite shaped by the traditions of Roman order and Catholic paternalism has rebuilt an old empire in modern form a soft totalitarianism sustained not by fear but by virtue If you care about liberty faith and the unseen architecture of power this book will change the way you see Australia and the world now taking shape around it **Understanding Cultures through Their Key Words** Anna Wierzbicka,1997-08-07 This book develops the dual themes that languages can differ widely in their vocabularies and are also sensitive indices to the cultures to which they belong Wierzbicka seeks to demonstrate that every language has key concepts expressed in key words which reflect the core values of a given culture She shows that cultures can be revealingly studied compared and explained to outsiders through their key concepts and that the analytical framework necessary for this purpose is provided by the natural semantic metalanguage based on lexical universals that the author and colleagues have developed on the basis of wide ranging cross linguistic investigations Appealing to anthropologists psychologists and philosophers as well as linguists this book demonstrates that cultural patterns can be studied in a verifiable rigorous and non speculative way on the basis of empirical evidence and in a coherent theoretical framework *Collected Essays of Walter Murdoch* Sir Walter Murdoch,1941 *The Australian Musical News* ,1926 The Bulletin ,2003 **Australian Signpost** Thomas Arthur Guy Hungerford,1956 Anthology of verse and prose by Australian writers includes *The Dreaming* by W E H Stanner annotated separately The Way of the Spirit Henry Rider Haggard,1906 **The History of Mankind** Friedrich Ratzel,1896 **The Australian Slanguage** Bill Hornadge,1980 Who's who in Australia ,1993 *All the Year Round*
