Blavatsky, Michael Gomes, 2009-07-23 Madame Blavatsky's Victorian era masterpiece is now scaled down to its essentials providing the most readable accessible experience ever of one of history's seminal occult works The Secret Doctrine Helena Petrovna Blavatsky's masterwork on the origin and evolution of the universe and humanity itself is arguably the most famous and perhaps the most influential occult book ever written Published since 1888 only in expensive two volume editions of some 1 400 pages it has long eluded the grasp of modern readers until now This single volume edition abridged and annotated by historian and Theosophical scholar Michael Gomes places the ideas of The Secret Doctrine within reach of all who are curious In particular Gomes provides a critical sounding of the book's famous stanzas on the genesis of life and the cosmos mysterious passages that Blavatsky said originated from a primeval source and which form the heart of The Secret Doctrine Gomes scrupulously scales down the book's key writings on symbolism to their essentials and offers notes and a glossary to illuminate arcane references His historical and literary introduction casts new light on some of the book's sources and on the career of its brilliant and elusive author one of the most intriguing personages of the nineteenth century At once compact and representative of the work as a whole this new edition of The Secret Doctrine brings unprecedented accessibility to the key esoteric classic of the modern era *The Theosophical Path* Katherine Augusta Westcott

Tingley, 1913 **Evolution as Outlined in the Archaic Eastern Records** Helena Petrovna Blavatsky, 1930 **The Theosophist**, 1888 The Revolution of the Dialectic Samael Aun Weor, 2025-01-01 The daily practice of meditation transforms us radically Samael Aun Weor The world is in crisis and everywhere there are wars and rumors of wars promises and mockeries bombardments and political parties that fight each other It is absurd to suppose that we can depart from this social chaos with all of its fights and miseries if indeed individually we do not resolve ourselves to perform a radical and definitive change The legal or illegal changes of governments the bloody dictatorships the revolutions of blood and alcohol are all useless If we truly want an absolutely radical change then first of all we need to change ourselves individually What

we are as individuals is what the world is Indeed the world is the individual because the world is nothing more than the sum of all individuals The problem of the world is the problem of the individual Thus if the individual does not internally change then the world will never change either even when many want to change it based on extremist doctrines bloody revolutions abominable dictatorships etc If we study our intimate problems in detail then we have to arrive at the logical conclusion that no leader can resolve these problems for us What I am is in fact the party the group the family the society the nation The individual is the beginning and the ending of every order of things Thus if we want a radical transformation of this bitter and suffering world then we need each of us to individually transform ourselves in a true and very intimate way If we truly want to transform ourselves intimately for the good of the world then we need to liberate the mind and heart from any type of evilness
