*The Farm Press, Reform and Rural Change, 1895-1920* John J. Fry, 2005-04-27 This project contributes to our understanding of rural Midwesterners and farm newspapers at the turn of the century While cultural historians have mainly focused on readers in town and cities it examines Midwestern farmers It also contributes to the new rural history by exploring the ideas of Hal Barron and others that country people selectively adapted the advice given to them by reformers Finally it furthers our understanding of American farm newspapers themselves and offers suggestions on how to use them as sources

Country Life's Book of Dogs Agnes Stamp, 2025-09-16 A celebration of the many breeds of dog we love as seen through the pages of Country Life magazine from working the fields to romping through splendid gardens to lounging in beautifully appointed sitting rooms Throughout its 125 year history Country Life has chronicled our love affair with dogs This elegantly designed volume features seventy breeds based on Royal Kennel Club classifications hounds working dogs terriers gundogs herding dogs toys and utility Each breed profile includes modern and archival photographs along with history anecdotes and lore Here we see the romance of English country living through a canine lens From Jilly Cooper and her rescue greyhound to Trudie Styler's wolfhounds and many famous country estates such as Badminton House Belvoir Castle Castle Howard and Holkham Hall as well as the Royal Family with their dogs at Balmoral Windsor Castle and Highgrove the book offers an intimate look at Britain's stately houses gardens and gorgeous countryside Most of today's breeds originated in Britain or were codified by the Royal Kennel Club as covered by Country Life from its inception The book poignantly raises awareness about breeds that are today considered vulnerable to extinction such as the winsome Norwich terrier the stout bull terrier or the resolute otterhound currently ranked most endangered Also included are non native breeds that have long associations with the Royal Family or the nobility such as Pomeranians Queen Victoria's lifelong passion and pugs native to China but long an aristocratic favorite

**Country Life**, 1907 Encyclopedia of Populism in America Alexandra Kindell, Elizabeth S. Demers Ph.D., 2014-02-27 This comprehensive two volume encyclopedia documents how Populism which grew out of post Civil War agrarian discontent was the apex of populist impulses in American culture from colonial times to the present The Populist Movement was founded in the late 1800s when farmers and other agrarian workers formed cooperative societies to fight exploitation by big banks and corporations Today Populism encompasses both right wing and left wing movements organizations and icons This valuable encyclopedia examines how ordinary people have voiced their opposition to the prevailing political economic and social constructs of the past as well how the elite or leaders at the time have reacted to that opposition The entries spotlight the people events organizations and ideas that created this first major challenge to the two party system in the United States Additionally attention is paid to important historical actors who are not traditionally considered Populist but were instrumental in paving the way for the movement or vigorously resisted Populism's influence on American culture This encyclopedia also shows that Populism as a specific movement and populism

as an idea have served alternately to further equal rights in America and to limit them
