**Symbolism and Style in Fedor Sologub's "The Created Legend."** Katharina Poppe,1966 **The Created Legend** Fyodor Sologub,2018-12-27T22:26:59Z Hidden in the forest the poet Trirodov attempts to secede from the troubled society of early twentieth century Russia to build his own utopia a school for the quiet children he cares for Nothing is ever that easy though and his personal connections to the outside world tie him into the political whirlwind of agitators factions and power struggles that threaten his solitude The Created Legend portrays a stark contrast to the protagonists of Sologub s earlier work The Little Demon even though the setting is the same town of Skorodozh There they varied from at best well meaning to actively malignant here the lead characters are idealistic and isolate themselves from the trials of Russian society in an attempt to maintain their idealism Trirodov sees beauty and mystery everywhere he looks and following the title works to create his own legend This volume originally titled Drops of Blood is the first of the Created Legend trilogy and the only one translated contemporaneously into English It was received with some bewilderment by critics the combination of current affairs and magical events proved too strange for many However treated as an early example of magic realism and with the benefit of hindsight the setting and symbolism is less shocking and more readily accessible to the modern reader This book is part of the Standard Ebooks project which produces free public domain ebooks [The Pharisees Among Us](#) Warnell Roberson,2013 This book echoes the events in our Biblical history that has existed for thousands of years and it also tells the reader who the people were that existed during these historical times However what this book does that the Bible does not is

describe the culture of the times the people involved in such cultures and the places where the events that happened and the people involved in such a way as to relate this historical information to today s geography This book will outline the reasons why the Bible has for many years separated us by RELIGION by RACE and by GENDER These separations have tested our faith while at the same time we continue to question God s Grace This book examines how God s powers as practiced by the Pharisees became political power The author attempts to prove that THE PHARISEES ARE STILL AMONG US This book will offer the reader the opportunity to change his or her Christian lifestyle by identifying THE PHARISEES AMONG US and then making the decision not to follow their hypocritical ways     **The Created Legend: Drops of blood** Fyodor Sologub,1979
