

Oliver Cromwell

Oliver Cromwell is regarded as one of the most influential politicians in history.

Early Life

Cromwell was born in 1599 in Huntingdon. He went to school there then started college in Cambridge. He left early after his father died, returning to Huntingdon to help support his mother and siblings. Cromwell married in 1620. His wife Elizabeth had many connections to influential families.

Rise in Politics

Cromwell became a Member of Parliament in 1628. Shortly afterwards, King Charles I dissolved Parliament until 1640. During this period, Cromwell gained contacts and favour in the House of Lords for his Puritan views. Puritans were protestants who believed the Church of England had too many Roman Catholic influences and needed to change.

Civil War

In 1642, supporters of parliament and King Charles I went to war for the right to rule the country. Supporters of King Charles were called the Royalists or Cavaliers. Supporters of Parliament were known as the Parliamentarians or Roundheads. Cromwell proved to be skilled in battle strategy and command. He rose through the ranks and led several key battles to victory.

The Parliamentarians won the civil war and executed Charles I in 1649. Cromwell spent several years suppressing resistance in Ireland and Scotland.

Rule

Cromwell could not agree with Parliament on how to rule the country so he disbanded them in 1653. He became Lord Protector of England and the country became Puritan. He also built an enormous navy and removed powers relating to the monarchs.

Cromwell died in 1658. He had a state funeral, just like a king, and his son succeeded him in ruling England.
