first camera in the wake of Hurricane Andrew's devastation to formative student years at Cooper Union in New York to collaborations with Merce Cunningham and Pharrell Williams to designing for Christian Dior and the Cleveland Cavaliers Arsham shares the stories that built him and his work to where they are today This isn't a romanticized memoir it's a master class a brutally honest and practical handbook for anyone pursuing an artistic career As we follow his path through the highs and the lows the breakthroughs and the rejections we also learn the art of the grind how to get a gallery why you need a great lawyer how to run a creative business and why surrounding yourself with ambitious successful people is non negotiable Inside you'll discover How to land gallery representation without connections or an MFA The business fundamentals that turned a studio practice into a global brand Negotiation tactics for licensing deals and brand partnerships worth millions Financial frameworks for scaling from solo artist to studio team of 20 The rejection to opportunity system that turned every no into career fuel Behind the scenes breakdowns of projects with Dior Men's Pok mon Uniqlo and Porsche Sustainable creative success isn't about waiting for lightning to strike It's about showing up doing the work and never giving up on your vision
