The Failure of Soviet Economic Planning Robert Wellington Campbell, 1992 Although the Soviet Union's centrally planned economic system played a significant role in world economic growth and modernization it ultimately failed to compete with market forms of economic organization Despite unavailing efforts at reform it has now been abandoned as the republics of the former USSR move painfully toward the market Robert W Campbell one of the most respected U S specialists on the economy of the former Soviet Union probes the evolution behavior and fatal weaknesses of the Soviet administrative command economy His essays cover a broad set of perspectives theoretical interpretation of the Soviet type economy and the growth model that went with it concrete analyses of individual sections and functions evaluation of the microeconomics of Soviet decision making and descriptions of attempts at institutional and doctrinal reforms They provide instructive background on some of the biggest problems now facing the Commonwealth of Independent States such as the monetary and fiscal collapse engendered by reform the looming fuel and energy disaster and the seemingly intractable task of transforming the military industrial complex and integrating its resources into the civilian economy Robert W Campbell's outstanding work provides an indispensable resource for understanding what the Soviet economic system was and the problems it faced in the transition to the market model

The Future: International scene, 1989 *Soviet and Post-Soviet Economic Structure and Performance* Paul R. Gregory, Robert C. Stuart, 1994 This text has

been updated to focus on the radical changes which the former Soviet Union has recently experienced its reorganization and its transition from a planned to market economy examining the history of the Soviet Union more succinctly than in previous editions **Dimensions of Soviet Economic Power; Studies** United States. Congress. Joint Economic Committee,1962

Soviet Economic Structure and Performance Paul R. Gregory,Robert C. Stuart,1990 Revival: Economic Planning in Soviet Russia (1935) F. A Hayek,Boris Brutzkus,2018-12-20 The ideas set forth in these pages matured in the authors mind during the early years of constructive communism in Petrograd The communist government intoxicated by its successes in the counter revolution had promised to deal promptly with all economic problems now that its hands were free to do so It was at this moment of its greatest triumphs that the author put forward his contention that the system of Marxian communism as then conceived was intrinsically unsound and must inevitably break down *Soviet Union Year-book* Louis Segal,A. A. Santalov,1925 Journal of Economic Literature ,1993 Elites and Political Power in the USSR David Lane,David Stuart Lane,1988 This book constitutes an impressive contribution to Soviet Studies It is essential reading for specialists and teachers of soviet studies Reviewing Sociology Lane has produced a timely and interesting collection of writings on the political role of elites in the Soviet Union This is an excellent collection of studies on a very interesting topic Mark Galeotti Millennium *Comparative Systems & Planning* Edward Tower,1990 **The Dialectics of Ecology** John Bellamy Foster,2024-04-01 Explores ecological socialism s potential against capitalist environmental degradation Today the fate of the earth as a home for humanity is in question and yet contends John Bellamy Foster the reunification of humanity and the earth remains possible if we are prepared to make revolutionary changes As with his prior books *The Dialectics of Ecology* is grounded in the contention that we are now faced with a concrete choice between ecological socialism and capitalist exterminism and rooted in insights drawn from the classical historical materialist tradition In this latest work Foster explores the complex theoretical debates that have arisen historically with respect to the dialectics of nature and society He then goes on to examine the current contradictions associated with the confrontation between capitalist extractivism and the financialization of nature on the one hand and the radical challenges to these represented by emergent visions of ecological civilization and planned degrowth on the other The product of contemporary ecosocialist debates *The Dialectics of Ecology* builds on earlier works by Foster including Marx s *Ecology and The Return of Nature* aimed at the development of a dialectical naturalism and the formation of a path to sustainable human development Soviet Studies Guide Tania Konn,1992 Critical bibliographic references to core literature on land environment and people Soviet history society and culture government and politics international relations armed forces economy business science and technology and general reference The Development of the Soviet Economic System Alexander Baykov,1947 Study of the development of the collective economy system in the USSR with particular reference to economic planning experience during the period from 1917 to 1939 covers economic policy economic development extensive industrialization rural cooperative and
