Chinese Politics: Documents and Analysis : Ninth Party Congress (1969) to the Death of Mao (1976) James T. Myers, Jürgen Domes, Milton D. Yeh, 1989 An analytical overview of the period with the overall aim being to provide a comprehensive reference work together with narrative commentary that will make the most important personalities events of this period of Chinese political history available to interested readers in a convenient accessible series of volumes *The Tragedy of Lin Biao* Frederick C. Teiwes, Warren Sun, 1996-01-01 The Lin Biao affair which saw the Minister of Defence dramatically rise to become Mao Zedong's designated successor at the start of the Cultural Revolution in 1966 and even more dramatically die in a plane crash while fleeing his country in September 1971 remains the least understood of all Chinese Communist Party elite conflicts of the Maoist era Despite the pivotal importance of Lin's rise and fall in the history of contemporary China his career has received little scholarly attention In this pathbreaking study Frederick Teiwes and Warren Sun offer an interpretation which radically undermines the standard view of Lin Biao as an ambitious politician who manoeuvred his way to the top adopted a radical position during the Cultural Revolution to promote his own interests and eventually came undone by seeking to consolidate his own power and military dominance over the polity thus leading to a vicious power struggle with Mao They reveal Lin as someone basically uninterested in power or even politics who was thrust into leading positions and the successor role by Mao against his wishes who never opposed Mao politically but instead

attempted to follow his wishes in every way to the extent that they could be determined who had no policy programme whose rare initiatives were on the side of moderation and whose political decline was due to Mao's reaction to complex factors unconnected with either a bid by Lin for personal aggrandizement or an effort to entrench army power In this Teiwes and Sun refute both the official Chinese verdict on Lin Biao and the prevailing Western interpretation Pacific Affairs ,1967 Includes book reviews and bibliographies Far Eastern Affairs ,1976 *China During the Cultural Revolution, 1966-1976* Tony H. Chang,1999-01-30 One of the most tumultuous periods in modern Chinese history the Cultural Revolution affected virtually all Chinese people and all aspects of Chinese life including art music and drama education factory management economic planning and medical care Studies of the Cultural Revolution in both Chinese and Western languages have burgeoned over the past three decades This comprehensive easy to use bibliography provides a guide to published English language sources on the Cultural Revolution With over a thousand entries it includes books monographs dissertations and audio visual materials on a broad range of topics from the military education religion and economics to foreign relations population art literature and drama Including titles published through the end of 1997 and a few in 1998 the book provides a general overview of the literature on the Chinese Cultural Revolution and its impact on China Its scope and coverage make it a useful resource for any library whose readers have an interest in modern Chinese history **Chinese Communist Affairs** ,1968 Chinese Affairs ... ,1930 **Yearbook on International Communist Affairs** ,1974 **The Chinese Communist Armed Forces** Kenneth R. Whiting,1974 Although the history and present state of the Chinese Communist military forces are not as well covered as those of the Soviet Union nevertheless there is a relatively large number of books articles and source collections available in English Then why this study The answer is simply that this is an attempt to tell the story of the Chinese Red Army in as concise a form as possible without compressing the narrative to the point of distortion The study may seem overstuffed with facts or what pass for facts but the author can assure the reader that he did his best to eliminate all but those he considered essential The historical approach has been used for the simple reason that like any other organism the Chinese Red Army is a melange of strengths and weaknesses rooted in its evolution Problems of Communism ,1975 Oil and Asian Rivals: Sino-Soviet Conflict; Japan and the Oil Crisis United States.
