Religious Tradition Pratima Bowes,2021-06-23 Originally published in 1977 The Hindu Religious Tradition provides a
detailed exploration into the different doctrines regarding the nature of Religious Reality and the many paths of search for
this Reality within the Hindu religion The book discusses these differing doctrines from the point of view of their
philosophical significance and their use in man s search for the divine in consideration of the traditional teaching that the
divine is already in man and can be realised in direct experience It provides a comprehensive account of this tradition
through considering all aspects that are integral to it and highlights that the profundity of this tradition lies in that it cannot
be limited to the requirements of any one form of conceiving the divine The Hindu Religious Tradition will appeal to those
