Through The Russian Prism:

Through the Russian Prism Joseph Frank, 1990 Essays probe the culture that spawned the great novels of Dostoevsky and explore the author's influence on world literature

Orthodoxy, Modernity, and Authenticity Heather Bailey, 2020-10-21 Ernest Renan was one of the most renowned European intellectuals of the second half of the nineteenth century. Yet the impact of his most popular work *Life of Jesus* has been underestimated when not altogether ignored. While commonplace now, the idea that Jesus was merely human was at one time a novelty with significant socio-political, cultural, and religious implications. A case study in the Russian encounter with modernity, *Orthodoxy, Modernity, and Authenticity: The Reception of Ernest Renan's Life of Jesus in Russia* demonstrates that Renan's book has had long-lasting and broad appeal in Russia because it presents an alternative to a strictly materialist worldview on the one hand and an Orthodox worldview on the other. Renan offered his readers the possibility to accept the tenets of modernity while still retaining both an admiration for the importance of religion in history and a sense of religious feeling or even belief in a higher religious ideal. Assessments of Renan's alternative belief system, whether positive, negative, or mixed, were often simultaneously evaluations of the moral, socio-political, and spiritual condition of European society in general and Russian society in particular. The interpretive history of Renan's *Life of Jesus* in Russia reveals a persistent disillusionment with a strictly materialist interpretation of history and of life.

The Great Sea David Abulafia, 2011-06-01 Connecting Europe, Asia, and Africa, the Mediterranean Sea has been for millennia the place where religions, economies, and political systems met, clashed, influenced, and absorbed one another. In this brilliant and expansive book, David Abulafia offers a fresh perspective by focusing on the sea itself, its practical importance for transport and sustenance, its dynamic role in the rise and fall of empires, and the remarkable cast of characters: sailors, merchants, migrants, pirates, pilgrims, who have crossed and re-crossed it. Ranging from prehistory to the 21st century, *The Great Sea* is above all a history of human interaction. Interweaving major political and naval developments with the ebb and flow of trade, Abulafia explores how commercial competition in the Mediterranean created both rivalries and partnerships, with merchants acting as intermediaries between cultures, trading goods that were as exotic on one side of the sea as they were commonplace on the other. He stresses the remarkable ability of Mediterranean cultures to uphold the civilizing ideal of *convivencia*, living together. Now available in paperback, *The Great Sea* is the definitive account of perhaps the most vibrant theater of human interaction in history.

[Decolonization of Kazakhstan](#) Ainash Mustoyapova, 2023-09-21 This book is devoted to the problem of the decolonization of Kazakhstan, which is considered in the framework of postcolonial studies. The author raises issues of identity, historical and socio-cultural heritage of nomads. In addition, the book examines and destroys colonial and Soviet myths and stereotypes concerning the history, lifestyle, and traditions of the Kazakhs. Considering that imperial sentiments are increasing in Russia as a former metropolis, the process of decolonization seems to be urgently necessary for Kazakhstan. And
