Jennifer M. Saul, 2010-08-05. The phenomenon of substitution failure is a longstanding focus of discussion for philosophers of language. Substitution failure occurs when a change from one coreferential name to another, e.g. from Superman to Clark Kent, affects the truth value of a sentence. Jennifer Saul has shown that this can occur even in the simplest of sentences. She presents the first full-length treatment of this puzzling feature of language and explores its implications for the theory of reference and names and for the methodology of semantics. **After the Crash**

Shane Brad Wise, 2025-01-15. After almost 20 years of marriage, Jeremiah and Elise are still hopelessly in love. They live a life of faith and victory as they live under God's gracious hand of protection, provision, and peace. And now they are on the verge of the greatest blessing of their lives. But when the God they serve allows unimaginable tragedy, loss, and failure, their love story is interrupted. Their lives are shattered, and their faith in God and their faithfulness to each other is tested. After the Crash provides a backstage pass to Jeremiah and Elise's valley season as they face catastrophic events and trials far beyond what they can bear. Their trial causes them to not only question the love, faithfulness, and forgiveness of Jesus Christ, but tempts them to walk away from the God who is always right, always good, and always for them. About the Author: Shane's writings ride the wave of fiction, humor, drama, and heartbreak in order to bring readers to the shore of believing faith in Jesus Christ. Shane has been a project manager in the dimensional stone industry for almost 30 years. His calling in life is to walk with God's people during their valley seasons so they may experience His faithfulness and forgiveness. He is the father of three children and lives in Dallas, TX.
