Smith, 2009 This groundbreaking book explores China s efforts to assimilate Tibet in the process rewriting Tibetan history to conform to Beijing s goals Warren W Smith Jr provides the historical context for understanding the current situation through an overview of China s actual as opposed to its promised policies toward Tibet over time His clear eyed appraisal of Chinese policy convincingly shows that the PRC s ultimate intention is assimilation rather than autonomy The author argues that Beijing fears that any genuine autonomy or dialogue with the Dalai Lama will fuel renewed nationalism in China s Tibet as the Chinese leadership calls its possession The book highlights China s past and current propaganda on Tibet to demonstrate China s sensitivity and defensiveness regarding the legitimacy of its rule It traces the history of Sino Tibetan dialogue to show how China has tried to use it to defuse Tibetan exile and international criticism while making no concessions in regard to Tibetan autonomy In the absence of any solution Smith advocates the promotion of Tibet s right to self determination as the most viable strategy for sustaining international attention and maintaining the most essential elements of Tibetan national identity Smith s thoroughly informed work will be valuable not only to Tibet experts and students but also to the larger world of Tibet activists sympathizers and others attempting to understand China s policies     **Tibet - a Country Where People Have Leapt a Thousand Years Forward** Vinař, Jan, The core of the book is a critical edition of an unpublished reportage of Jan Vina from his 1959 trip to Tibet called Tibet A Country where People Have Leaped a Thousand Years Forward Vina s text was never published officially there are only fifteen copies of a samizdat edition printed in 1983 in Zurich and today it can be considered an important documentary material of the given historical period The reportage written in 1960 echoes the official Chinese narrative of Tibetan history and social development and his views reflect the Chinese interpretation of the March 1959 uprising The book is accompanied by so far unpublished photographic material from the 1959 journalist expedition to Tibet and scholarly commentary by editors to the original text in the form of footnotes and several studies clarifying certain aspects of the topic and the historical and political context Kamila Hlad kov describes the clash of Chinese
