## **Totalitarian Rule Its Nature And Characteristics:**

Totalitarian Rule Hans Buchheim,1986      **Totalitarianism** Michael Curtis,1979-01-01 By analyzing Nazi Germany Fascist Italy and the Soviet Union under Stalin the author attempts to determine if totalitarianism is a separate political genre or a subset of authoritarian government and what its basic characteristics are      **Encyclopedia of Modern Political Thought (set)** Gregory Claeys,2013-08-20 This groundbreaking new work explores modern and contemporary political thought since 1750 looking at the thinkers concepts debates issues and national traditions that have shaped political thought from the Enlightenment to post modernism and post structuralism Encyclopedia of Modern Political Thought is two volume A to Z reference that provides historical context to the philosophical issues and debates that have shaped attitudes toward democracy citizenship rights property duties justice equality community law power gender race and legitimacy over the last three centuries It profiles major and minor political thinkers and the national traditions both Western and non Western which continue to shape and divide political thought More than 200 scholars from leading international research institutions and organizations have provided signed entries that offer comprehensive coverage of Thought of regions and countries including African political thought American political thought Australasian political thought Australian and New Zealand Chinese political thought Indian political thought Islamic political Thought Japanese political thought and more Thought regarding contemporary issues such as abortion affirmative action animal rights European integration feminism humanitarian intervention international law race and racism and more The ideological spectrum from Marxism to neoconservatism including anarchism conservatism Darwinism and Social Darwinism Engels fascism the Frankfurt School Lenin and Leninism socialism and more Connections of political thought to key areas of politics and other disciplines such as economics psychology law and religion Notable time periods of political thought since 1750 Concepts including class democratic theory liberalism nationalism natural and human rights and theories of the state Theorists and political intellectuals both Western and non Western including John Adams Edmund Burke Mohandas Gandhi Immanuel Kant Ayatollah Khomeini Ernst Friedrich Schumacher George Washington and Mary Wollstonecraft      Private Life and Privacy in Nazi Germany Elizabeth Harvey,Johannes Hürter,Maiken Umbach,Andreas Wirsching,2019-07-18 Highlights the surprising ways in which the Nazi regime permitted or even fostered aspirations of privacy      *Hitler, Stalin, and Mussolini* Bruce F. Pauley,2014-07-02 The fourth edition of *Hitler Stalin and Mussolini Totalitarianism in the Twentieth Century* presents an innovative comparison of the origins development and demise of the three forms of totalitarianism that emerged in twentieth century Europe Represents the only book that systematically compares all three infamous dictators of the twentieth century Provides the latest scholarship on the wartime goals of Hitler and Stalin as well as new information on the disintegration of the Soviet empire Compares the early lives of Hitler Stalin and Mussolini their ideologies rise to and consolidation of power and the organization and workings of their dictatorships Features topics organized by themes rather than strictly chronologically

Includes a wealth of visual material to support the text as well as a thorough Bibliographical Essay compiled by the author

**Fascism** Paul Gottfried, 2016-02-08 For historians Fascism offers clear and provocative insights and arguments and the very detailed notes are especially helpful Recommended Choice What does it mean to label someone a fascist Today it is equated with denouncing him or her as a Nazi But as intellectual historian Paul E Gottfried writes in this provocative yet even handed study the term s meaning has evolved over the years Gottfried examines the semantic twists and turns the term has endured since the 1930s and traces the word s polemical function within the context of present ideological struggles Like conservatism liberalism and other words whose meanings have changed with time fascism has been used arbitrarily over the years and now stands for a host of iniquities that progressives multiculturalists and libertarians oppose even if they offer no single coherent account of the historic evil they condemn Certain factors have contributed to the term s imprecise usage Gottfried writes including the equation of all fascisms with Nazism and Hitler as well as the rise of a post Marxist left that expresses predominantly cultural opposition to bourgeois society and its Christian and or national components Those who stand in the way of social change are dismissed as fascist he contends an epithet that is no longer associated with state corporatism and other features of fascism that were once essential but are now widely ignored Gottfried outlines the specific historical meaning of the term and argues that it should not be used indiscriminately to describe those who hold unpopular opinions His important study will appeal to political scientists intellectual historians and general readers interested in politics and history

**Aesopian Literary Dimensions of Azerbaijani Literature of the Soviet Period, 1920-1990** Maliheh S. Tyrrell, 2000-01-01 Aesopian Literary Dimensions analyzes the evolution of national thinking in Azerbaijani literature from 1920 to 1990 It traces the history of literary trends and methodological patterns particularly the clandestine means and methods of expression in national literature in Azerbaijani literature Maliheh Tyrrell has fashioned a unique book that uncovers the ways national Azerbaijani thinking outwardly adapted itself to the themes and political strategies of the dominant Soviet ideology The work reveals and discusses the range of literary techniques ranging from nonverbal visual methods to symbolic themes employed by Azerbaijani authors to refute the official optimism of Soviet propaganda and communicate a distinct sense of Azerbaijani otherness

**Terror, Force, and**

**States** Rosemary H. T. O'Kane, 1996 The lessons drawn suggest that the Holocaust and modern genocide are not intrinsically related to modernity Terror regimes she argues operate not through the state but from behind a state facade within a secret society Economic crisis is given prominence in their explanation with the decisive explanatory factor argued to be the move from plans to substantive irrationality Indeed it is the economic rationality of modern society most particularly in respect to labour markets which acts as the barrier to terror s rule Freedom as Motion Leslie Dale Feldman, 2001 In Freedom as Motion Leslie Dale Feldman explores the American concepts of freedom individualism and liberal culture and how they are closely tied to Thomas Hobbes notion of free movement In chapter XXI of Leviathan Hobbes describes freedom as the absence of opposition to motion This idea of freedom as motion has flourished in America where the emphasis on individualism is greatest Feldman explores the evolution of this concept through Western and American history and also the theoretical connection that exists in reality at the level of simple daily life Hobbes theory of freedom as motion becomes the central metaphor of liberalism and forms the basis for the American conception of freedom today This book will prove thought provoking to students of Western and American Political Theory as well as students of American History and Culture
