Universal Social Right:

Universal Human Rights in Theory and Practice Jack Donnelly, 2003 4 Choice of Means **Digital Work Platforms at the Interface of Labour Law** Eva Kocher, 2022-03-10 This open access book shows how to design labour rights to effectively protect digital platform workers organise accountability on digital work platforms and guarantee workers collective representation and action It acknowledges that digital work platforms entail enormous risks for workers and at the same time it reveals the extent to which labour law is in need of reconstruction The book focusses on the conceptual links often overlooked in the past between labour law s categories and its regulatory approaches By explaining and analysing the wealth of approaches that deconstruct and reconceptualise labour law the book uncovers the organisational ideas that permeate labour law s categories as well as its policy approaches in a variety of jurisdictions These ideas reveal a lack of fit between labour law s traditional concepts and digital platform work digital work platforms rarely behave like hierarchical organisations instead they more often function as market organisers The book provides a fresh perspective for international academic and policy debates on the regulation of digital work platforms as well as on the purposes and foundations of labour law It offers a way out of the impasse the debate around labour law classification has reached by showing what labour law could learn from digital law approaches to platforms and vice versa The ebook editions of this book are available open access under a CC BY NC ND 4 0 licence on bloomsburycollections com **The Library of Choice Literature and Encyclopedia of Universal Authorship** Ainsworth Rand Spofford, 1894 **The Index** , 1876 Universal Classics Library , 1901 *The Universal Anthology* Richard Garnett, Léon Vallée, Alois Brandl, 1899 **Advocate of Peace and Universal Brotherhood** , 1895 *The Ridpath Library of Universal Literature* John Clark Ridpath, 1906 Fortnightly Review , 1871 **The Fortnightly Review** , 1871 Universal Cyclopaedia and Atlas Charles Kendall Adams, Rossiter Johnson, 1902 *The International Cyclopaedia* Harry Thurston Peck, 1898 Johnson's New Universal Cyclopædia : a Scientific and Popular Treasury of Useful Knowledge , 1884 **The Right to Communicate** Aldo Armando Cocca, 1979 The Universal Cyclopædia , 1900 **Johnson's Universal Cyclopaedia** , 1895 **Cultural Rights as a Subject with Variable Contents in the Universal Declaration of Human Rights** Dawda Ceesay, 2023-05-08 Essay from the year 2023 in the subject Politics Topic Public International Law and Human Rights University of Yaounde II Pan African University of Governance Humanities and Social Sciences course Human Rights language English abstract This article is written on the subject of cultural rights as human rights It discusses the various subjects found as content areas for cultural rights The primary source of information for the support of this article is secondary sources written literature The article discusses so many relevant aspects of cultural rights as enshrined in the Universal Declaration of Human Rights UDHR During the thirty seventh session of the general assembly meeting the United Nations gave a new recognition to the promotion of cultural rights and heritages The assembly calls upon all states to respect protect and promote the rights of every individual to partake in cultural life It also
