Revoner proposes a new political party with a thorough and developed ideology explaining how his theories would make the world stronger and better. Written in a tone that recalls the works of Richard Wright, Malcolm X, and Amiri Baraka, he establishes a platform of ideas and suggestions that challenges everyone. Join him as he takes a firm and unwavering stand against genetic entitlement, shares strategies to overcome political gridlock, challenges severely slanted religious views, and proposes solutions to problems that harm everyone. Take on a system that sustains bigotry, corruption, and the abuse of power, and join a growing movement. It's not too late to overcome. *The Fear of Being Challenged*.
