Unrestricted Moment Peter Dent, 2001-11-29 Poetry Peter Dent's writing persuades the reader to abandon the illusion of thoughts as a sequence and to rest the attention in stillness on each individual moment that the world brings to focus. The clarity of this writing arises from the delicate attention given to form and light in order to capture its essence briefly and completely with the observer himself then introduced as though gently lowered into the poem without disturbing the contents. Short lines and flexible syntax give these poems an uncluttered quality and a sense of deeply held curiosity about surfaces the light that transforms them and the way the watching mind is made still. Public Administration and Epistemology Arthur Sementelli, 2020-12-28 Knowledge does not happen in a vacuum yet scholars and other professionals tend to engage in management scholarship focused on their specific niche often without knowing if or how their work might relate to other research streams. Further exacerbating things people within specific disciplines including management tend not to communicate regularly outside of their relatively homogeneous audiences. If we were able to bridge communication among these groups scholars and practitioners we might be able to better understand one another in a way that is contextually informed by each other's experiences. Sementelli argues that understanding concepts of power, agency and experience can provide such tools to orient management theories and practices relative to one another. Using critical management thought to frame a discussion of ontology and how knowledge emerges from it enables the development of an orienting sandbox that works both practically and intellectually. Such a sandbox enables us not just to communicate one's organizational priorities but also reveal some underlying reasons for those priorities and areas of inquiry. This monograph focuses on public administration in particular as a special case of critical management research. This book also examines the complexity of experiences of being using Karl Jaspers as a basis. The sandbox that emerges can be used as a way to organize and orient management thought especially in the public sector. It contributes both to administrative thought and applied inquiry into philosophy and will be of interest to researchers, academics and students in the fields of critical management studies, organizational studies and public administration.

Pause - A Spiritual Power Rob Wykes, 2023-08-25 Opportunities to enter a spiritual place are all around us but we often don't recognise them. *Pause: A Spiritual Power* helps the reader identify those moments and enter places of spiritual pause. The spiritual life often neglected exists apart from our thoughts and feelings. *Pause* explores how spirituality is separate and how we often mistakenly substitute rational and emotional experiences for spiritual experience. To be spiritual is not to be religious or bound to a specific understanding of God. To be human is to have a spirit within regardless of religious commitment or persuasion. Attending to one's spiritual life, finding pause is not confined or defined by any one faith tradition. In *Pause* author Rob Wykes relates accounts of his own journeys physical and spiritual that have helped him discover his own spiritual self. Part of his story is a literal pilgrimage on foot and by bike that brought him into a deeper understanding of pause. Attending to one's spiritual being is as important as physical
